The Department has reviewed the status of your pump test and any requests for extension(s) or exemption(s) for the following permitted well(s). The results are summarized in the table below:

Application	Water Right	Permitted Well	Pumped Well	Test Date	Request Status	Problems	Exemption	Well Name
G 17161	Permit: G 16565 *	UMAT0057013	UMAT0057013	11/03/2016	APPROVED	1	None	A WELL (L-101746)

The following problems were noted on at least one of the pump tests listed above:

- Water levels or shut in pressures were not measured at the specified time intervals during the test.

Although at least one test was approved despite problems, please note that those problems may be grounds for rejecting a test submitted in the future.

Approved pump test letters will be digitally posted to the water right in WRIS; all other pump test letters will be mailed to permit holder.

Please contact me if you have any questions.

Sincerely,

James Hootsmans
