Dear Sir:

I herewith enclose notice of
Beginning of Construction
of my work on Brushy Gulch
in March (1919). I had my two
main dams almost completed
but did not have my overflows
sufficient to carry the water from
the heavy rains, and my work
nearly all washed out, at the
same time I was laid up with
the "Flu". However I have them
rebuilt and am using the
water, would have had my
construction work all done but
the washout put me back
but am glad to see the water
running through my garden and
berries.

Very Truly Yours
