Dear Mr Coons,

I completed the review of the map and site report received from you on Oct. 25, 1994 in support of your pre-1909 vested water right claim. The map and report meet the requirements for filing. I have added them to the file.

Thank you for your attention to this matter. If you have any questions, please give me a call.

Sincerely,

Don Knauer

re: SWR-613

Dear Mr Frank,

I apologize for not being readily available for a telephone conversation. Personnel and duty changes have caused some confusion around the office. I am now working on water right applications and the adjudication section which handles the claims such as yours is pretty much shut down. My regular work hours are 7:30 am to 4:00pm. I am away from my desk quite often.

I have taken a quick look in your file and I find that you have completed the requirements to file a pre-1909 vested water right claim. You have filed the form, paid the fees and a map by Philip Dewey was received on October 25, 1994. You have the legal right to use the water as described by your claim and map.

The next step in this process will be for the adjudication of your water right in circuit court. You will be notified by certified mail when that begins. Since all employees in that section of the Water Resources Department are working in other areas, it will be quite some time before any new adjudications are under taken.

Once again, you have met all requirements and have the right to use the water as described in your claim and map. If you have any other questions, continue to try to reach me by phone or leave a number where I can reach you during my work hours.

Sincerely,

Don Knauer

Dear Mr Frank,

This will acknowledge the receipt of the map and report you submitted in support of the pre-1909 vested water right claim in the name of TOM L FRANK. Due to personnel and duty changes the information will not be reviewed at this time. I will add it to the file for future review.

If you have any questions, please give me a call. The toll free number is 1-800-624-3199.

RE: SWR-613

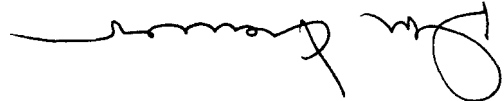

Dear Mr Frank,

I am sending a copy of the order accepting your "late" surface water registration state claiming a pre-1909 vested water right. Your claim has been numbered SWR-613.

The statutes require that you submit a map prepared by a Certified Water Right Examiner (CWRE) in support of your pre-1909 vested water right claim. I am sending a list of CWRE's. Once you have contacted with a CWRE to do the mapping, let me know and I will get a map submission date from them. I cannot continue a review of your file until I have the map. It is important that the mapping be done as soon as possible.

If you have any questions, please give me a call. The toll free number is 1-800-624-3199.

Sincerely,

Don Knauer

RE: PETITION FOR LATE REGISTRATION STATEMENT FILING

Dear Mr. Frank:

This will acknowledge your petition for a late registration statement filing and the fees of \$300.00. Our receipt #106954 is enclosed.

I will begin to review and process your petition. I will let you know if there is anything else you need to do. If your petition is approved, the director will sign an order that allows us to file your claim. If this happens, I will send you a copy.

If you have any questions please give me a call.

Sincerely,
