The Departments records will now show John H. McGhehey, Trustee, McGhehey Family Trust as the permit holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 147217 covering the recording fee is also enclosed.

A permit is not a perfected water right and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permit to be familiar with the conditions and timelines contained in the permit.

Please note that this permit required complete application of water to the proposed use by March 23, 2015, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE). An Application for Extension of Time was received by the Department on April 24, 2026, requesting the time to complete construction and application of water, be extended to October 1, 2026. As of this date, the Application for Extension of Time is pending review.

Sincerely,
