Date: Thursday, June 25, 2026 3:50:28 PM

Hello Mary-

The ODFW has reviewed application LL-2031 (Wildish Construction Co) with proposed use of Trail Bridge Reservoir water in the McKenzie River basin. Any pump utilized for water withdrawals associated with this application needs to be equipped with a fish screen consistent with ODFW standards. The applicant needs to contact Toby Schuyler (541-967-2162) to discuss ODFW screen approval.

Please let me know if you have any questions/concerns and thank you for the opportunity to comment.

Best-

jason
