Gentlemen:

Your final proof of appropriation of water under Permit No. 17367 has been received in this office and found acceptable. Receipt is also acknowledged of the certificate recording fee of \$1.00, for which Receipt No. 8490 is enclosed.

The matter of final confirmation of your right by issuance of a water right certificate will be given consideration with the next group which will be issued at a later date. When the certificate is issued, it will be mailed to your county clerk for recording and then delivered by him to you.

Very truly yours,

Gentlemen:

If you will sign and date the enclosed final proof on its second sheet and return the proof to this office, together with the statutory certificate recording fee of \$1.00, a certificate confirming the right under your Permit No. 17367 will be issued, granting the right to the use of 0.25 second-foot of water from an unnamed stream formed by springs for municipal use.

These figures indicate the extent and limit of your water right as provided by law, and mark the completed right.

In the interest of economy and due to the fact that your completed project was examined by a representative of this office, it is not considered necessary that your signature be made before a notary public, nor that the signatures of witnesses be affixed to the proof.

Very truly yours,

Chas. E. Stricklin

Attention: City Recorder

Gentlemen:

This will acknowledge receipt of Form C, being notice of complete application of water under your Permit No. 17367.

Pursuant to your report and in line with the general practice of this office, a survey will be made at a later date for the purpose of checking the amount of water used as described in the permit. After this survey, proof may be made by you and certificate issued covering the actual use of water as found by the engineer.

In the meantime, the permit which you hold will be valid evidence of your water right.

Yours very truly,

Attention: Mrs. Betty M. Kappauf, Recorder

Dear Mrs. Kappauf:

In reply to your letter of January 7, this will advise you that the notice card which was mailed to you December 31 refers to your Permit No. 17367 granting a right to the use of 0.25 cubic foot of water per second from an unnamed stream for municipal use in your Town.

If construction preparatory to use of water as proposed in the permit was commenced on or before December 31, 1947, it should be so reported by filling out and mailing to this office, the enclosed Form A, which is a duplicate of the one attached to your permit.

I believe that Mr. H. W. Herring, who made the map to accompany your application for a permit, can give you information as to construction under the permit.

Dear Sir:

I was in your office on the 7th to file water right on additional small branch for water supply for the City of Dundee, Oregon, as you were not in at the time the man in charge took the application and gave me some very good advice in the matter and as I understood from him that you did not have a map of the general lay out, the location of the springs with relation to the pipe line and reservoir and the City, I took a print that Mr Jones had made when the system was installed in 1923 and made a tracing of it with the additional Spencerspring and the new filing to show the location in general.

This is on 300 feet to inch and may be a larger map than you would like but by using the print it shows up better and saved a lot of work to make up a new map on smaller scale so hope that you will accept this tracing.

I sent it into Portland and had the Swender Blue Print Co make me a negative so that I could have a copy in case we needed more prints.

If this is not satisfactory please let me know and what you require and I will try and make what you wish.

I am yours very truly,
