To: Tony Janicek, Interim Well Construction Section Manager
From: Tommy Laird, Well Construction Compliance Coordinator
Subject: Review of Water Right Application G-19496
Date: August 6, 2026

The attached application was forwarded to the Well Construction Section by the Groundwater Section. Jen Woody reviewed the application. Please see Jen's Groundwater Review.

Applicant's Well #WELL 1 and Well #WELL 2 (Proposed): WELL 1 and WELL 2 are proposed wells, therefore they cannot be reviewed for construction. Construction of these proposed wells shall be completed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240. During construction of these wells, specific attention should be paid to ensure sealing requirements are met and that the wells do not commingle aquifers.

The construction of proposed WELL 1 and WELL 2 may not satisfy hydraulic connection issues to surface water.
