NOTICE

1. On October 22, 2025, the Oregon Water Resources Department ("Department") issued a final order approving Transfer Application T-14170 ("T-14170 FO").
2. On December 12, 2025, WaterWatch of Oregon, Inc. ("WaterWatch"), filed a timely petition for judicial review of the T-14170 FO with the Oregon Court of Appeals ("T-14170 PJR"). The T-14170 PJR is pending before Oregon Court of Appeals.
3. On May 27, 2026, in accordance with ORS 540.530(2)(a), the Department issued Water Right Certificate 97082 ("Certificate 97082") to describe the portion of the water right previously represented by Water Right Certificate 68553 not modified by the T-14170 FO.
4. On July 28, 2026, Bridge Creek Ranch, LLC, asked the Department to correct certain information included in Certificate 97082 and characterized its request as a petition for reconsideration.
5. Under ORS 536.075(5), filing of the T-14170 PJR stayed the T-14170 FO. To date, neither the Department nor the Oregon Water Resources Commission has denied the stay, and the stay remains in place.
6. Because the T-14170 FO is stayed, there is no basis or authority for issuing a water right certificate to describe the portion of the water right previously represented by Water Right Certificate 68553 that is not modified by the T-14170 FO.
7. Because Certificate 97082 was issued without statutory authority, the Department is withdrawing Certificate 97082.

Dated at Salem, Oregon on September 25, 2026.
