Reference: Application S-84437, Permit S-53753

The assignment from Ronald M. and Beverly B. Abram to Laurie L. Hamilton, has been recorded in the records of the Water Resources Department.

Our records have been changed accordingly and the original request is enclosed. Receipt number 92213 covering the recording fee of \$50 is also enclosed.

I would be remiss if I did not bring to your attention that this permit is for the use of stored water released under contract with the Bureau of Reclamation. Our records indicate that the previous permittee cancelled the contract June 20, 2007. Unless a new contract has been obtained, water may not be used under this permit. In addition, this action places this permit at risk for cancellation. The Bureau of Reclamation should be contacted to determine if a new contract is in effect.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
