Application S-72876, Permit S-52005

The assignment by deed from Lee Robberstad and Dawn Robberstad to T. Kyle and Trisha L. Freres, has been recorded in the records of the Water Resources Department.

Our records have been changed accordingly and the original request is enclosed. Receipt numbers 80449, and 80450 covering the recording fee of \$30.00 for each file are also enclosed.

I would be remiss if I did not bring to your attention that both of these water rights were to have had complete application of water applied to the proposed project by October 1, 1999 and a Claim of Beneficial Use and Final Proof Survey Map prepared by a Certified Water Rights Examiner (CWRE) completed and submitted to the Department by October 1, 2000. As of this date, there is no record of this occurring. This places both of these rights at risk of cancellation.

If complete application of water has occurred by October 1, 1999, a CWRE should be retained to complete these rights. If complete application did not occur by that time, an application for extension of time might be needed.

Should you have any questions, please do not hesitate to contact me at the address above or by telephone at 503-986-0817.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
