Application G-14101, Permit G-12761

The assignment from Bedortha Ranches, Inc., to Northwest Farm Credit Services, FLCA, and Bedortha Ranches, Inc., has been recorded in the records of the Water Resources Department.

Our records have been changed accordingly and the original request is enclosed. Receipt number 80592, covering the recording fee of \$50.00 is enclosed.

I would be remiss if I did not bring to your attention that Application G-14875, Permit R-13724 was to have had complete application of water applied to the proposed project by October 1, 2003 and a Claim of Beneficial Use and Final Proof Survey Map prepared by a Certified Water Rights Examiner (CWRE) completed and submitted to the Department by October 1, 2004. As of this date, there is no record of this occurring. This places this right at risk of cancellation.

If complete application of water has occurred by October 1, 2003, a CWRE should be retained to complete these rights. If complete application did not occur by that time, an application for extension of time might be needed.

Should you have any questions, please do not hesitate to contact me at the address above or by telephone at 503-986-0817.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
