

BEFORE THE STATE ENGINEER OF OREGON

Grant Count

In the Matter of the Determination of the Relative Rights
to the Waters of JOHN DAY RIVER and its Tributaries,
a Tributary of Columbia River.

STATEMENT AND PROOF OF CLAIM

#1.

(The claimant must submit separate proof as to each ditch through which a water right is claimed.)

I, the undersigned, of Portland
Prairie City, Oregon, being called as a witness
in support of this statement of claim, and being first duly sworn, testify as follows:

1. Q.—What is claimant's name and postoffice address? If a corporation, give the place of incorporation and the authority by which you make this proof.

A.— Walter Clyde Campbell of
Prairie City, Oregon. (If this proof is made by you as agent, or attorney, the written authorization therefor must be signed by the claimant upon the back hereof.) by John H. Lewis - Agt.

2. Q.—Do you claim a right to the waters of the above named stream or a tributary thereof? If from a tributary, give its name.

A.— Yes - from Shaw Gulch - together with
all water dumped into such gulch from Indian & Overholt Creeks
claimed under a separate claim.

3. Q.—What is the nature of the right or use on which this claim to the waters of said stream is based?

A.— Supplemental Supply - in Spring of year
(Irrigation, power, mining, domestic, stock, etc.)

4. Q.—How was such right initiated, or upon what is it based?

A.— Appropriation & Use
(Appropriation, diversion and use, etc.)

5. Q.—State the date of the initiation of such water right. A.— 1886

6. Q.—What steps were taken by this claimant or his predecessor in interest to initiate said right? Answer fully, attaching separate sheet if necessary.

A.— Constructed Ditch & Used water.
Ditch diverts water from Shaw Gulch where such
Gulch crosses the N. line of S. E. 1/4 of Sec. 2 - 14 S. 33 E.
and water from Martin ditch is dumped in at or
above such point - See separate claim of Campbell.

7. Q.—When was water first used for irrigation, or other beneficial purposes?

A.— 1886

8. Q.—State the means of utilizing such water, giving the name by which the ditch is most commonly known, if a ditch is used.

A.— Shaw Gulch ditch, and numerous
laterals from such gulch below point of diversion.

9. Q.—State the interest claimant has in such ditch, with the names of any other water users interested therein.

A.— Owner.

10. Q.—State the date of the beginning of construction. A.—1886

11. Q.—State the date of completion. A.—1886

12. Q.—State the dimensions of the ditch canal or pipe line as originally constructed, just below the wasteway or headgate.

A.—Width (top)feet; width (bottom)feet;
depthfeet; grade, or fall in feet per 1,000 feet,feet.

13. Q.—If said ditch has been enlarged, state the date of beginning and completion of each enlargement, and its dimensions as enlarged.

A. — ✓

First enlargement—Width (top)feet; width (bottom)feet;
depthfeet; grade, or fall per 1,000 feet, feet.

Second enlargement—Width (top) feet; width (bottom) feet;
depth feet; grade, or fall per 1,000 feet, feet.

14. Q.—State the area of land which your ditch, as originally constructed, was intended to irrigate. A.—405.8 acres.

15. Q.—If water is used for irrigation, state the number of acres reclaimed and irrigated the first year. A.—26.5

16. Q.—How many acres were irrigated each subsequent year up to and including the present year? A.—*Second year and each subsequent year, as near as can be ascertained 405.8 a*

17. Q.—How many acres were irrigated after the first enlargement of said ditch? After each successive enlargement?

A. —

18. Q.—Give the number of acres irrigated under said ditch at the present time in each smallest legal subdivision (40-acre tract), using the following form. (The lands have been surveyed and are shown on the plat of the State Engineer, which you may examine at the time of the hearing. Your answer to this question should conform to those maps, unless you object to the same and submit maps of your own showing such information. No proof will be accepted which does not answer this question in detail.) (Attach separate sheet if necessary.)

A. —

Twp.	Range	Sec.	NE 1-4				NW 1-4				SW 1-4				SE 1-4			
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$
			See Claim of Walter Clyde Campbell from Indian Creek and Overhold Creek for detailed description of 405.8 acres. Formerly this was the main supply but now it is only used to supplement the flow of water from the above named creeks and it is impossible to say which lands are irrigated with which water.															

Supplemental Supply for Total.....4058 acres.
See Separate Claim.

19. Q.—State the character of the soil and kind of crops cultivated.

A. — Soil is Sand & Gravelly loam, with some clay. Steep valley. Alfalfa, grain, garden, wild hay.

20. Q.—When does the irrigating season begin and when does it end, and if water is used for other purposes, during what months is it used?

A. — May 1st.

21. Q.—What amount of water do you estimate is necessary for the proper irrigation of the lands which you are irrigating or propose to irrigate, or for any other purpose for which a right is claimed?

A. — 1 miner inch to the acre. - 10 cu. ft. sec.

22. Q.—Do you accept the maps prepared by the State Engineer as showing correctly the location of said ditch and the lands irrigated therefrom?

NOTE—In case there is objection to the official plat or a part thereof the parties objecting must, when giving proof, file a written statement of the reasons therefor, and must, within thirty days, file with the State Engineer a map covering the part objected to, with affidavit of surveyor thereto giving date of survey. Such map should be on tracing linen preferably on a scale of four inches to the mile (20 chains to one inch), and should have marked thereon, within each 40-acre legal subdivision, the area of land which is irrigated. Such map should correspond in size to legal cap paper so as to be easily filed with the claim.

A. — Yes.

23. Q.—If water is used for power, state the total fall utilized and the theoretical (not actual) horsepower developed.

NOTE—Theoretical horsepower equals total quantity claimed in cubic feet per second, times fall in feet, divided by 8.8 (one cubic foot per second falling 8.8 feet equals one theoretical horsepower).

A. — ✓

24. Q.—Describe the nature of the works by which the power is developed, the place where located, and state whether the water is returned to the stream after use and at what point.

A. — ✓

25. Q.—If for mining purposes, describe the location and character of the mines to be served and state whether after use the water is returned to the stream and at what point.

A. — ✓

26. Q.—If water is used for mining or power purposes, state whether there are any diversions between the point of your diversion and the return of such water to the stream.

A. — ✓

27. Q.—Give description of your land as it appears in your deed. (Attach separate sheet if necessary.)

A. —

Sec. 22-135, 33E. - NE¹/₄ NW¹/₄, N¹/₂ NE¹/₄, E¹/₂ SE¹/₄ & SW¹/₄ SE¹/₄
Sec. 27- " " - East 1/2
Sec. 26- " " - W¹/₂ of W¹/₂ and
Sec. 35- " " - all of Sec.

28. Q.—What interest have you in the lands irrigated or place where the water is used?

A. — Owner

29. Q.—What additional evidence have you attached hereto or submitted herewith?

A. — ✓

(If the witness finds the space insufficient to properly answer any question, he should attach hereto said answer on a separate sheet or sheets. A corporation supplying water for irrigation to lands not its own should attach to its proof a complete list of the persons owning the lands so supplied with the correct description of the lands owned by each such person in each smallest legal subdivision. Certified copies of records and such evidence as the claimant may desire to submit should be attached to this proof and marked for identification as exhibit "A," "B," "C," etc.)

I hereby certify upon oath that the foregoing statement and answers are true as I verily believe.

John H. Lewis
~~Signature of Claimant, or Agent Making Proof.~~

Subscribed and sworn to before me this *8th* day of *July*, 192*7*.

Arthur E. Miller
