

Oregon Water Resources Dept.

To Whom It May Concern:

Below are a few points of clarification to help you:

The property is currently served by 88.4 acres of East Fork Irrigation District (EFID) water. This water is divided into 20 acres of 1977 permitted rights and 68.4 acres of 1895 certified rights. Any questions regarding these rights can be presented to Cindy Sheppard of EFID, 541-354-1185.

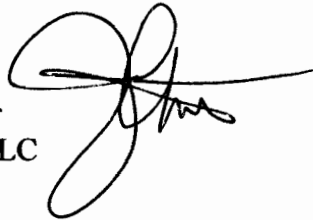

My goal in this ground water application is to gain 25 acres of new primary rights (on adjacent lands in the same parcel) and to cover the existing 88.4 acres of EFID with secondary water.

Additionally, because the ground water irrigation season is longer than the EFID season (which runs from April 15 to September 30), I also wish to apply for primary rights on the 88.4 acres of EFID land when I am not in their season. In other words, I am also applying for primary rights on those 88.4 acres (113.4 in total) for the periods March 1 to April 15 and October 1 to October 31, annually – as to achieve complete coverage for beneficial use on all of the potentially irrigable acres on the Dog River Orchards parcel.

If you have any questions regarding this application, please call either Bob Wood, District 3 Watermaster, at 541-506-2650 or myself.

Thank you,

Gorham Blaine, owner
