Application History

The Department issued Permit G-13683 on June 18, 1999. The permit called for complete application of water to beneficial use by October 1, 2003. On June 4, 2008, Matthew and Rebekah Horne submitted to the Department an Application for Extension of Time for Permit G-13683. In accordance with OAR 690-315-0050(2), on July 15, 2008, the Department issued a Proposed Final Order proposing to extend the time to fully apply water to beneficial use to October 1, 2014. On July 21, 2008, Permit G-13683 was assigned to Cayuse Vineyards, LLC. The protest period closed August 29, 2008, in accordance with OAR 690-315-0060(1). No protest was filed.

At time of issuance of the Proposed Final Order the Department concluded that, based on the factors demonstrated by the applicant, the permit may be extended subject to the following conditions:

The permit holder must submit a completed Progress Report Form to the Department by **October 1, 2008 and 2013. A form is enclosed for your use.**

- (a) At each checkpoint, the permit holder shall submit and the Department shall review evidence of the permit holder's diligence towards completion of the

project and compliance with terms and conditions of the permit and extension. If, after this review, the Department determines the permit holder has not been diligent in developing and perfecting the water use permit, or complied with all terms and conditions, the Department shall modify or further condition the permit or extension to ensure future compliance, or begin cancellation proceedings on the undeveloped portion of the permit pursuant to ORS 537.260 or 537.410, or require submission of a final proof survey pursuant to ORS 537.250;

- (b) The Department shall provide notice of receipt of progress reports in its weekly notice and shall allow a 30 day comment period for each report. The Department shall provide notice of its determination to anyone who submitted comments.

The applicant has demonstrated good cause for the permit extension pursuant to ORS 537.630, 539.010(5) and OAR 690-315-0040(2).
