RE: Reservoir at SE ¼ SW ¼ of Section 3 Township 8S Range 24E

Dear Joel;

Please find enclosed an application to store water. The property where these ponds are located was purchased by us approximately 4 years ago. Over the last 4 years we have removed over three hundred junipers from the springs. In addition, the area had obviously been used as a dumpsite – several large truck loads of debris have been removed in that time as well.

Three of the ponds were in existence when the property was purchased - pond number one, three and four were on site when we bought the property. After removal of all the trash and silt we installed new overflows.

Where I have placed number one, two, three and four (the location of the ponds) number five is future; I have supplied the dimensions of the ponds and acre feet, but would like your assistance in drawing the maps for location in relationship to government survey corners (as per our previous conversation).

I just had the east side of Section 10 located at a cost of \$14,000.

Thank you for your assistance in this matter. Any questions please call. I can be reached on my cell phone at (503) 789-5603, my office at (503) 656-1999 or my home at (503) 650-4135.

Best regards,
