Attention: Chris Wheeler

Dear Sir:

Re: Osburn Park Water System

This is to confirm our conversation over the telephone in connection with the application of Paul P. Schatz, Jr. and Elsie Wilene Schatz for the water permit. The water required by these people, in addition to household use, is for the purpose of supplying water for irrigation of lawns and gardens for the area covered by the subdivision; approximately one-half acre of ground per family.

Trusting that this gives you the additional information you desire, I remain,

Yours very truly,

Eugene E. Laird
