Trail, Oregon 97541

Reference: Application S-71362, Permit S-51249

The partial assignment by deed to John P. and Marilyn J. Weygand, has been recorded in the records of the Water Resources Department.

Our records have been changed accordingly and the original request is enclosed. Receipt number 83024 covering the recording fee of \$35.00 is also enclosed.

A review of the file shows that a Claim of Beneficial Use was submitted on this application on October 2, 1995. This Claim shows little irrigation on your property. If you are interested in pursuing a larger amount of irrigation, I would advise contacting the Watermaster for advise. The Department has not acted on the Claim at this time, so an Extension of Time application might be an option. I should also bring to your attention that this permit is for the use of stored water only and therefore requires a contract with the Bureau of Reclamation for the release of stored water from Lost Creek Reservoir.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
