Case No. 206
Claim No. 81
Contest Nos. 2800, 3733, 3471, and 4127
and 4949

Claimant The Nature Conservancy (“TNC”), Contestants United States of America (the “United States”), and the Klamath Tribes (collectively, “Parties”), and the Oregon Water Resources Department (“OWRD”) hereby agree and stipulate and request the Adjudicator to resolve the above-captioned Claim and Contests as follows.

A. STIPULATED FACTS

1. On February 1, 1991, Goose Bay Farms filed Claim 81 in the Klamath Basin Adjudication. TNC subsequently acquired the property subject to the Claim, and succeeded to the interest of Goose Bay Farms to the Claim.

2. On October 4, 1999, the Adjudicator issued his Preliminary Evaluation of Claim 81, preliminarily approving significant portions of the water right sought under Claim 81, subject to certain terms and conditions.

3. On May 3, 2000, Thomas W. Mallams filed contest 4949 to Claim 81. Thomas W. Mallams is not a party to this Stipulation, or to this case, his Contest having been dismissed by Order dated April 28, 2006.

4. On May 4, 2000, the United States filed Contest 3733.

5. On May 4, 2000, the Klamath Tribes filed Contest 4127.

6. On May 8, 2000, TNC filed Contest 2800 to Claim 81 contesting the Adjudicator's Preliminary Evaluation.

7. On May 16, 2000, the Klamath Project Water Users (the "KPWU")¹ filed Contest 3471 to Claim 81. KPWU are not a party to this Stipulation, their Contest 3471 being withdrawn by Stipulated Withdrawal of Contest No. 3471.

8. The Parties and OWRD agree that the remaining Contests 2800, 3733, and 4127 can be resolved without need for hearing pursuant to the terms outlined below.

B. TERMS OF THE AGREEMENT

1. The Parties and OWRD agree that Claim 81 in this Adjudication should be approved as follows:

Luscombe, Randy Walthall and Inter-County Title Co., Winema Hunting Lodge, Inc., Van Brimmer Ditch Co., Plevna District Improvement Company and Collins Products, LLC.

In other contested cases in the Klamath Basin Water Rights Adjudication, OWRD has asserted a definition of "irrigation" that is inconsistent with the above definition of "irrigation" in some aspects. OWRD staff agrees to recommend the above definition of "irrigation" to the Adjudicator for the purposes of this Stipulation to Resolve Contests only, and reserves the right to assert, maintain, or promulgate a definition of "irrigation" inconsistent with the above definition with respect to any other claim or contest in the Klamath Basin Water Rights Adjudication, in any other proceeding, or by statute, regulation, or policy.

f. PRIORITY DATE: October 14, 1864.

g. PLACES OF USE: A description of the places of use to which this right is appurtenant is set forth in Attachment 1 annexed hereto and made a part hereof. The places of use are also depicted on the map of the property attached hereto.

2. Except for the approved terms and conditions set forth above, the Parties and OWRD agree that the remainder of Claim 81 is to be denied.

C. RESOLUTION BASED ON TERMS OF AGREEMENT

1. Contestant United States agrees that, pursuant to this agreement, the United States' Contest 3733 has been satisfactorily resolved and such resolution eliminates the need for a hearing on Contest 3733 before the Office of Administrative Hearings.

2. Contestant the Klamath Tribes agree that, pursuant to this agreement, the Klamath Tribes' Contest 4127 has been satisfactorily resolved and such resolution eliminates the need for a hearing on Contest 4127 before the Office of Administrative Hearings.

3. Claimant TNC agrees that TNC's Contest 2800 has been satisfactorily resolved and such resolution eliminates the need for a hearing on Contest 2800 before the Office of Administrative Hearings.

4. OWRD staff hereby recommends to the Adjudicator that Claim 81 be approved in the Findings of Fact and Order of Determination issued by the Adjudicator in accordance with the terms of Claim 81 as described in Paragraph B, above.

5. If the Findings of Fact and Final Order of Determination issued by the Adjudicator for Claim 81 does not accord with the terms set forth in Paragraph B above, the Parties and OWRD reserve any and all rights they may have to file exceptions to or seek reconsideration of the Findings of Fact and Final Order of Determination as to Claim 81 with the Adjudicator or in the Circuit Court for Klamath County, and otherwise reserve all rights the Parties and OWRD

may have to participate in any future proceedings authorized by law concerning Claim 81, including but not limited to any appellate proceedings or proceedings on remand.

6. The Parties and OWRD agree not to oppose or object to this Agreement or any of its terms, provisions, conditions, or covenants if it is challenged in the administrative or judicial phases of the Adjudication or any appeals thereof.

7. This Stipulation does not affect nor is it intended to affect the exercise or administration of any senior water rights separately adjudicated to or otherwise held by any of the Contestants. This Stipulation is entered into for the purpose of resolving a disputed claim. The Parties and OWRD agree that the Stipulation shall not be offered as evidence or treated as an admission regarding any matter herein and may not be used in proceedings on any other claim or contest whatsoever, except that the Stipulation may be used in any future proceeding to interpret and/or enforce the terms of this Stipulation. Further, the Parties and OWRD agree that neither the Stipulation nor any of its terms shall be used to establish precedent with respect to any other claim or contest in the Klamath Basin Water Rights Adjudication, or in any other proceeding.

8. This Stipulation shall be binding upon and shall inure to the benefit of the Parties, OWRD, and their respective heirs, executors, administrators, trustors, trustees, beneficiaries, predecessors, successors, affiliated and related entities, officers, directors, principals, agents, employees, assigns, representatives and all persons, firms, associations, and/or corporations connected with them.

9. Each of the Parties and OWRD represents, warrants, and agrees that the person who executed this Stipulation on its behalf has the full right and authority to enter into this Stipulation on behalf of that party and bind that party to the terms of the Stipulation.

10. The terms, provisions, conditions, and covenants of this Stipulation are not severable, except, if any term, provision, condition, or covenant of this Stipulation is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the terms,

provisions, conditions, and covenants shall remain in full force and effect and shall in no way be affected, impaired, or invalidated.

11. This Stipulation may be executed in several counterparts and all documents so executed shall constitute one Stipulation, binding on the Parties and OWRD, notwithstanding that they did not sign the same original or the same counterparts. Delivery of an executed signature page to this Stipulation by facsimile transmission shall be as effective as delivery of an original signed counterpart of this Stipulation.

12. The Parties and OWRD agree and acknowledge that this Stipulation has been drafted after full and arms-length negotiations, and that the usual rule of contractual construction that all ambiguities shall be construed against the drafting party shall not apply to the interpretation of this Stipulation.

13. All Parties to this Agreement and OWRD shall bear their own costs and consultants' and attorneys' fees incurred in connection with this Stipulation.

14. This Stipulation shall be effective as of the date of the last signature hereto.
