The assignment of Applications R-81630, S-72129, G-12901 as referenced above, from Richard A. Smith to Michael D. Tyrholm and Diane L. Cross-Tyrholm, Trustees of the Michael and Diane Tyrholm Trust, has been recorded in the records of the Water Resources Department.

The Assignment of Applications R-32891, S-32892 could not be made as these files were assigned to Doyle Milling Co., Inc., on August 6, 1980, and are still in that name. Either an individual with authority to sign for that owner, or proof of ownership of the lands involved will need to be provided for assignment of these water rights.

Our records have been changed accordingly and the original request is enclosed. Receipt number 83279 covering the recording fee of \$25.00 is also enclosed.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
