Application S-54310, Permit S-41553

Regarding Application S-57108, Permit S-42944, Certificate 82355, an assignment is not necessary as a certificate has now been issued for this water right, and under Oregon Water Law, a certified water right is appurtenant to the land for which it is issued.

Regarding Application S-54310, Permit S-41553, the assignment by deed from Hoyt and Sons to Northwest Farm Credit Services, FLCA and L.S. and D., Inc., has been recorded in the records of the Water Resources Department.

Our records have been changed accordingly and the original request is enclosed. Receipt number 84857 covering the recording fee of \$35.00 is also enclosed. A refund check in the amount of \$15.00 is also enclosed which covers excess fees submitted.

Sincerely,

Jerry Sauter
Water Rights Program Analyst
