

**BEFORE THE WATER RESOURCES DEPARTMENT  
OF THE STATE OF OREGON**

In the Matter of Water Rights Application        )  
G-16250, Marion County                            )

SUPERSEDING FINAL ORDER  
INCORPORATING SETTLEMENT  
AGREEMENT

**Authority**

ORS 537.615 establishes the process by which an application to appropriate ground water may be submitted. ORS 537.620 through ORS 537.628 provide the Department's procedures and criteria for evaluating applications to appropriate ground water. In addition, OAR Chapter 690, Division 310 implement the statutes and provide additional guidance in the processing of applications proposing to appropriate ground water.

**Findings of Fact**

1. On March 17, 2004, Angelo Spada submitted an application on behalf of A and R Spada Farms for a water-use permit pursuant to ORS 537.615.
2. On February 15, 2005, the Oregon Water Resources Department (Department) issued a Proposed Final Order (PFO) recommending a permit with conditions be issued.
3. On March 31, 2005, the applicant filed a timely protest to the PFO.
4. A Settlement Agreement was signed by all parties in November of 2008. The Settlement Agreement is incorporated into this Final Order and a copy of the Settlement Agreement is included below. The Department supports the settlement agreement because it allows wintertime use, when water is generally more available than in summer, but limits the water user to no more than was allowed under Certificate 54709.
5. The proposed use would not impair or be detrimental to the public interest.
6. The Protestant and the Department have agreed to the permit conditions set forth in the permit.
7. The Department issued Permit G-16469 on June 8, 2009. Permit G-16469 requires modification to correct a typographical error in the permit number.

**Conclusions of Law**

Application G-16250 is consistent with the requirements of ORS 537.615, ORS 537.620 through ORS 537.628 and OAR Chapter 690, Division 310.

**NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW**

A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

**Now Therefore, it is Ordered:**

Application G-16250 is approved pursuant as proposed by the Proposed Final Order further modified by the Settlement Agreement, and Permit G-16423 is issued as limited by the conditions proposed by the Proposed Final Order and Settlement Agreement. Permit G-16423 is issued to supersede Permit G-16469. Permit G-16469 is of no further force or effect.
