INTEROFFICE MEMO

FORWARD TO: Kelly Starnes DATE: 11-21-06
FIELD PROCESSOR WORKING ON THIS TRANSFER

FROM: X WATERMASTER, DISTRICT # 18
GROUNDWATER SECTION

(SIGNATURE) [Signature] 11/27/06
signed by injury reviewer

SUBJECT: HISTORIC POD TRANSFER # 10268

A change in: POD POU of water.

In the name(s) of Scappoose Sand & Gravel Co.

In my opinion (assuming the right is valid), the proposed change

MAY BE MADE WITHOUT INJURY right. WOULD RESULT IN INJURY* to an existing water right.

*The approval of this transfer application would result in injury to other water rights because _____

The existing right may not be valid because _____

Headgate notices HAVE HAVE NOT Been issued for diversion from the source(s) which serve(s) this right.

If for change in point of diversion, is there any intervening point(s) for diversion between the authorized and proposed points of diversion? (Yes or No) No

In my opinion, the order approving the subject transfer application should include the following in regard to the appropriator installing suitable measuring devices in the diversion works:

 (1) PRIOR to the diverting of water at the new point of diversion . . .

✓ (2) WHEN IN the judgement of the watermaster it becomes necessary . . .

The enclosed copy of the transfer application and map(s) is for your records.
