

**BEFORE THE WATER RESOURCES DEPARTMENT  
OF THE STATE OF OREGON**

In the Matter of Water Rights Application        )  
R-87347, Wasco County                                )

FINAL ORDER  
APPROVING THE STORAGE OF  
SURFACE WATER

**Authority**

Oregon Revised Statutes (ORS) 537.409 establishes the process by which an application to store waters of the public may be submitted.

**Findings of Fact**

1. On November 21, 2008, Oregon Department of Fish and Wildlife submitted an application for a permit to store water pursuant to ORS 537.409. The Department provided public notice of the application in the Department's weekly public notice on December 16, 2008. A 60-day comment period followed.
2. The Department has not received comments related to the possible issuance of the attached permit.
3. The proposed use is above the Deschutes Scenic Waterway as designated in ORS 390.826(5). The scenic waterway flows in question are fully protected by senior instream water right certificates 73188 and 73237, which protect instream flows that meet or exceed state scenic waterway flows.
4. The Department has evaluated the application and any comments received and finds that as conditioned, the proposed use will not impair or be detrimental to the public interest described in ORS 537.409(6).
5. The Department received a review from Oregon Department of Fish and Wildlife related to the possible issuance of a permit. No issues were raised in that review that require conditioning of the attached permit.
6. Water is available for the proposed use as described in the attached permit.

**APPEAL RIGHTS**

**Appeal to a circuit court:** This is a final order in other than a contested case. Any party affected by a final order in other than a contested case issued by the Water Resources Commission or Water Resources Department may appeal the order to the appropriate circuit court (ORS 536.075). A petition for judicial review must be filed within the 60-day time period specified by ORS 183.484 (2).

**Petition to the Department for Reconsideration of the Final Order:** A person entitled to judicial review of this order may also file a petition for the Department's reconsideration of the order. The petition for reconsideration must be filed with the Department within 60 calendar days after the date of the order. A copy of the petition must also be delivered or mailed to all other persons and agencies requiring notification under statute or rule (OAR 137-004-0080). The petition must set forth the specific grounds for reconsideration, and may be supported by a written argument. The petition may include a request for a stay of the order if the petition complies with the requirements of OAR 137-003-0090 (2). The Department may grant or deny the petition by summary order. If the Department takes no action, the petition is deemed denied as provided by ORS 183.484 (2). A final order remains in effect during reconsideration until stayed or changed. Following reconsideration, the agency must enter a new order, which may be an order affirming the existing order (OAR 137-004-0080). Reconsideration cannot be granted after the filing of a petition for judicial review, unless permitted by the court (OAR 137-004-0080 (6)).

ORS 537.409 does not provide an opportunity to request a contested-case hearing. Appeal rights on this final order approving the application are limited to the above procedures.

7. The use, as described in the attached permit, will not injure existing water rights and does not pose a significant detrimental impact to existing fishery resources.

**Conclusions of Law**

Application R-87347 is consistent with the requirements of ORS 537.409. Therefore, the proposed use will not impair or be detrimental to the public interest.

**Now Therefore, it is Ordered:**

Application R-87347 is approved pursuant to ORS 537.409, and Permit R-14762 is issued as limited by the conditions contained therein.
