Application History

The Department issued Permit G-13620 on April 2, 1999. The permit called complete application of water to beneficial use by October 1, 2003. On June 23, 2004, The City of Sheridan submitted an application to the Department for an extension of time for Permit G-13620. In accordance with OAR 690-315-0050(2), on September 12, 2006 the Department issued a Proposed Final Order proposing to extend the time to fully apply water to beneficial use to October 1, 2040. The protest period closed October 27, 2006 in accordance with OAR 690-315-0060(1). No protest was filed.

At time of issuance of the Proposed Final Order the Department concluded that, based on the factors demonstrated by the applicant, the permit may be extended subject to the following conditions:

CONDITIONS

1. **Development Limitations**

Diversion of water beyond 0.11 cfs under Permit G-13620 shall only be authorized upon issuance of a final order approving a Water Management and Conservation Plan under OAR Chapter 690, Division 86. The required Water Management and Conservation Plan shall be submitted to the Department within 3 years from the date this extension becomes final.

The deadline established in this order for submittal of a Water Management and Conservation Plan shall not relieve a permittee of any existing or future requirements for submittal of a Plan at an earlier date as established through other orders of the Department. A Plan submitted to meet the requirements of this order may also meet the Plan submittal requirements of other Department orders.

The applicant has demonstrated good cause for the permit extension pursuant to ORS 537.630, 539.010(5) and OAR 690-315-0080(3).

Order

The extension of time for Application G-14751, Permit G-13620, therefore, is approved subject to conditions contained herein. The deadline for applying water to full beneficial use is extended to October 1, 2040.
