2 In re: ) WITHDRAWAL OF TUMALO  
3 ) IRRIGATION DISTRICT PROTEST  
4 CITY OF BEND APPLICATION FOR ) AND STIPULATED AGREEMENT  
5 PERMIT TO APPROPRIATE WATER )  
6 OF TUMALO CREEK NO. 67983 )

7 By letter of January 18, 1984, Tumalo Irrigation District  
8 protested the above-referenced application of the City of Bend  
9 for a permit to appropriate water from Tumalo Creek. Subsequent  
10 to the submission of the protest, representatives of Tumalo Irri-  
11 gation District and the City of Bend entered into discussions to  
12 resolve any differences over the application that they might  
13 have. As a result of those discussions, the City of Bend and  
14 Tumalo Irrigation District have agreed that the inclusion of  
15 three specific conditions in a permit issued to the City of Bend  
16 pursuant to the application will satisfy the objections of Tumalo  
17 Irrigation District to the application and are acceptable condi-  
18 tions to the City of Bend.

19 Accordingly, Tumalo Irrigation District hereby withdraws its  
20 protest to Application No. 67983 on condition that the following  
21 three conditions are included in the permit issued pursuant to  
22 Application No. 67983, and the City of Bend hereby consents to  
23 the inclusion of those conditions in the permit issued pursuant  
24 to Application No. 67983:

- 25 1. The City of Bend shall by December 31, 1987, install  
26 flow meters on the transmission mains at the intake. Meters  
shall be of the following type or equivalent: 14-inch  
McCrometer, Model MW500.
