Right Map bas...

Herbert

I have attached an updated map for my water rights application to include the additional information you requested.

Black Bull Spring is located 1250 feet south and 132 feet west of the section corner.

Duck Pond Reservoir is located 1450 feet south and 207 feet west of the same section corner.

Please note that I modified the map for the two acres to be irrigated so it falls completely within section 34 in the SE 1/4 of the NE 1/4.

If you need any additional information please call or e-mail.

Thank you
Dan Hutchison
