Final Order

Appeal Rights

This is a final order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

This statement of judicial review rights does not create a right to judicial review of this order, if judicial review is otherwise precluded by law. Where no changes have been made to a Proposed Final Order on a water right application and no protests have been filed during the protest period, the final order is not subject to judicial review.

Application History

On January 27, 2005, Dan Kintigh submitted an application to the Department for a water use permit.

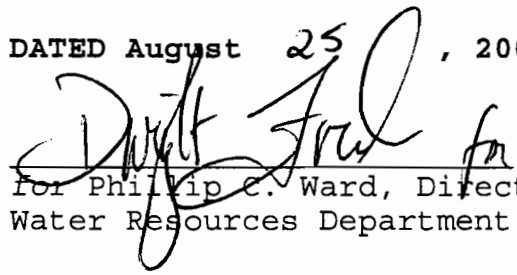

On October 11, 2005, the Department issued a Proposed Final Order. A timely protest was received from the applicant regarding the period of use for irrigation. No other protests were received. The applicant and the Department have agreed that a permit can be issued for the entire irrigation season as further conditioned as described in the attached permit.

The proposed use, as conditioned in the attached permit, would ensure the preservation of the public welfare, safety and health.

Order

Application G-16377 therefore is approved, and Permit G-16579 is issued as limited by the conditions set forth therein.

DATED August 25, 2009

for Philip C. Ward, Director
Water Resources Department
