ORPIGARON

Rhea Tupef, State Engineer, Salem, Oregon...

Dear sir:

Re: Adjudication John Bay "iver. Mr. Potter.

In filing my claim I neglected to state that when the water failed in the Edington-Fistasditch I used water from my ditch known as the Geisler ditch by fluming the same across the John Day river for the itrigation of my garden and orchard, about two acres. I also did the same for about seven acres under the ditch from Belshaw creek adjoining this tract. In all I think there is about nine acres.

The reason I did not state this at the time the flume had washedm out and I forgot to speak about it so thought best to call your attention to it as you might wish to know.

This land is in Township 13, South Range 29 East, Section 18.

If you wash more definite information I will be pleased to furnish it.

Thanking you, I am.

Sincerely Yours,

Agent
