MEMO

TO: Barbara Voigt

From: Dwight French, Administrator

2/14/11

DUF

Thanks again for calling me today.

1. Please resign the application.

2. Have the county planning office resign the Land Use Form.

3. Draw on the map the estimated location of the house and the stock tank and draw a line from each to the reservoir. Label one spot HOUSE and the other spot STOCK TANK.

Mail all of the items I've sent you back to our address:

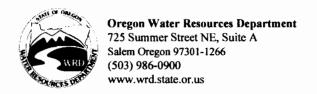

Water Resources Department Water Rights Section 725 Summer ST NE, Suite A Salem, OR 97301

Let me know if you have any question.

2. SOURCE AND PROPERTYOWNERSHIP

A. The Proposed Source of Water

Provide the commonly used name of the water body from which water will be diverted, and the name of the stream or lake it flows into. If unnamed, say so:

Source 1: Stored water/unnamed pond	Tributary to:
Source 2:	Tributary to:
Source 3:	Tributary to:
Source 4:	Tributary to:
•	thorized under a water right permit, certificate, or decree, attack (for decrees, list the volume, page and/or decree name).

B. Applications to Use Stored Water

Complete this section if any source listed in item 2A above is stored water.

Do you, or will you, own the reservoir(s) described in item 2A above?

Yes

No. (Please enclose a copy of your written notification to the operator of the reservoir of your intent to file this application, which you should have already mailed or delivered to the operator.)

If *all* sources listed in item 2A are stored water, the Department will review your application using the expedited process provided in ORS 537.147, unless you check the box below. Please see the instruction booklet for more information.

By checking this box, you are requesting that the Department process your application under the standard process outlined in ORS 537.150 and 537.153, rather than the expedited process provided by ORS 537.147. To file an application under the standard process, you must enclose the following:

- A copy of a signed non-expired contract or other agreement with the owner of the reservoir (if not you) to impound the volume of water you propose to use in this application.
- A copy of your written agreement with the party (if any) delivering the water from the reservoir to you.

Do you own all the land where you propose to divert, transport, and use water?	
(Yes (Please check appropriate box below then skip to section 3 'Water Use')	
★ There are no encumbrances	
This land is encumbered by easements, rights of way, roads or other encumbrances (please provide a copy of the recorded deed(s))	
No (Please check the appropriate box below)	
☐ I have a recorded easement or written authorization permitting access.	
☐ I do not currently have written authorization or easement permitting access.	
Written authorization or an easement is not necessary, because the only affected lands I do not own are state-owned submersible lands, and this application is for irrigated and/or domestic use only (ORS 274.040).	
You must provide the legal description of: (1) the property from which the water is to be diverted, (2) any property crossed by the proposed ditch, canal or other work, and (3) any property on which the water is to be use as depicted on the map.	ed
List the names and mailing addresses of all affected landowners.	
N/A	
3. WATER USE	_]
Please read the instruction booklet for more details on "type of use" definitions, how to express how much water you need and how to identify the water source you propose to use. You must fill out a supplemental form for some uses as they requirespecific information for that type of use.	re
A. Type(s) of Use(s)	
See list of beneficial uses provided in the instructions.	
• If your proposed use is domestic , indicate the number of households to be supplied with water:	
• If your proposed use is irrigation, please attach Form I	
• If your proposed use is mining, attach Form R

5. RESOURCE PROTECTION

A. Protection Practices

In granting permission to use water from a stream or lake, the state encourages, and in some instances requires, careful control of activities that may affect the waterway or streamside area. See instruction guide for a list of possible permit requirements from other agencies. Please indicate any of the practices you plan to undertake to protect water resources.

Diversion will be screened to prevent uptake of fish and other aquatic life. Describe planned actions:
Excavation or clearing of banks will be kept to a minimum to protect riparian or streamside areas. Describe planned actions:
Operating equipment in a water body will be managed and timed to prevent damage to aquatic life. Describe:
Water quality will be protected by preventing erosion and run-off of waste or chemical products. Describe:
Other:
RECEIVE

6. PROJECT SCHEDULE

Indicate the anticipated dates that the following construction tasks should begin. If construction has already

begun, or is completed, please indicate that date.
Proposed date construction will begin: May 1, 2010
Proposed date construction will be completed: May 1, 2012
Proposed date beneficial water use will begin: May 1, 2012
ls this project fully or partially funded by the American Recovery and Reinvestment Act? (Federal stimulus dollars) (Yes No
7. REMARKS
If you would like to clarify any information you have provided in the application, please do so here and reference the specific application question you are addressing.
8. MAP REQUIREMENTS
The Department cannot process your application without accurate information showing the source of water and

location of water use. You must include a map with this application form that clearly indicates the township, range, section, and quarter/quarter section of the proposed points of diversion and place of use. The map must

provide tax lot numbers. See the map guidelines sheet for detailed map specifications.

9. SIGNATURE

By my signature below I confirm that I understand:

- I am asking to use water specifically as described in this application.
- Evaluation of this application will be based on information provided in the application packet.
- I cannot legally use water until the Water Resources Department issues a permit to me.
- If I get a permit, I must not waste water.
- If development of the water use is not according to the terms of the permit, the permit can be canceled.
- The water use must be compatible with local comprehensive land use plans.
- Even if the Department issues a permit, I may have to stop using water to allow senior water right holders to get water to which they are entitled.

I swear that all information provided in this application is true and correct to the best of my knowledge:

Signature of Applicant one applicant, all must shen.)

Date

Before you submit your application be sure you have:

- Answered each question completely.
- Attached a legible map which includes township, range, section, quarter/quarter and tax lot number.
- Included a Land Use Information Form or receipt stub signed by a local official.
- Included the legal description of all the property involved with this application. You may supply a copy of the deed, land sales contract, or title insurance policy, to meet this requirement.
- Included a check payable to the Oregon Water Resources Department for the appropriate amount. The Department's fee schedule can be found at www.wrd.state.or.us or call (503) 986-0900.

3. For Limited License applications proposing to use water for irrigation. If for use of stored water, a limited license may be issued for up to one year with a valid contract for stored water per ORS 537.143(9). A limited license may also be issued for irrigation from live flow or groundwater, if the sole purpose is to establish a crop for which no further irrigation will be required after the crop is established per ORS 537.143(6)(a). Please describe the proposed project and indicate if stored water, live flow, or groundwater is to be used. When irrigation is needed to establish a crop, you must justify why more than one year is required.
