ESS BEFORE THE STATE ENGINEER OF OREGON

Grant Count y
In the Matter of the Determination of the Relative Rights to the Waters of JOHN DAY RIVER and its Tributaries, a Tributary of Columbia River. STATEMENT AND PROOF OF CLAIM
(The claimant must submit separate proof as to each ditch through which a water right is claimed.)
I, the undersigned, of
1. Q.—What is claimant's name and postoffice address? If a corporation, give the place of incorporation and the authority by which you make this proof.
A.— Mary Hall, Canyon City, Oregon. Buck Hellow, Succession of the proof is made by you as agent, or attorney, the written authorization therefor must be signed by the claimant upon the back hereof.) 2. Q.—Do you claim a right to the waters of the above named stream or a tributary thereof?
If from a tributary, give its name. A.— Yes. Berry Creek, tributary of Canyon Creek, and Canyon Creek,
tributary of John Day River.
3. Q.—What is the nature of the right or use on which this claim to the waters of said stream is based?
A.— Irrigation. Dower, mining, domestic, stock, etc.) 4. Q.—How was such right initiated, or upon what is it based?
A.— by appropriation and use of waer. (Appropriation, diversion and use, etc.)
(Appropriation, diversion and use, etc.) 5. Q.—State the date of the initiation of such water right. A.— July 3, 1883.
6. Q.—What steps were taken by this claimant or his predecessor in interest to initiate said right? Answer fully, attaching separate sheet if necessary.
A by constructing dams and ditches and appropriating the water.
`
7. Q.—When was water first used for irrigation, or other beneficial purposes?
A.— 1883 8. Q.—State the means of utilizing such water, giving the name by which the ditch is most commonly known, if a ditch is used.
A by means of dams and ditches known as the Berry Creek ditches.
9. Q.—State the interest claimant has in such ditch, with the names of any other water users interested therein.
A.—owner.
565

10. Q.—State the date of the beginning of construction. A.— 1883
11. Q.—State the date of completion. A.— 1890
12. Q.—State the dimensions of the ditch canal or pipe line as originally constructed, just below the wasteway or headgate.
two larger ditches. A.—Width (top)25feet; width (bottom)2feet;
depthfeet; grade, or fall in feet per 1,000 feet,2.5 feet.
13. Q.—If said ditch has been enlarged, state the date of beginning and completion of each enlargement, and its dimensions as enlarged.
A. — No enlargement.
First enlargement—Width (top)feet; width (bottom)feet;
depth feet; grade, or fall per 1,000 feet, feet.
Second enlargement—Width (top) feet; width (bottom) feet;
depth feet; grade, or fall per 1,000 feet, feet.
14. Q.—State the area of land which your ditch, as originally constructed, was intended to
irrigate. A59.4acres.
15. Q.—If water is used for irrigation, state the number of acres reclaimed and irrigated the
first year. A.— about 12 acres.
16. Q.—How many acres were irrigated each subsequent year up to and including the present
year? A.— all irrigated by 1895
······
17. Q.—How many acres were irrigated after the first enlargement of said ditch? After each successive enlargement?
·
A. —
10.0.0.0

18. Q.—Give the number of acres irrigated under said ditch at the present time in each smallest legal subdivision (40-acre tract), using the following form. (The lands have been surveyed and are shown on the plat of the State Engineer, which you may examine at the time of the hearing. Your answer to this question should conform to those maps, unless you object to the same and submit maps of your own showing such information. No proof will be accepted which does not answer this question in detail.) (Attach separate sheet if necessary.)
