Re: Larry Blakeslee Spring Application

To Whom It May Concern:

The property described as T. 9.S.R.27E. Tax Lot 500 has been maintained as a residence and or had a dwelling present and been delivered domestic water from the unnamed spring described in this application for 36 years.

Currently there is no other immediate and or affordable alternative for our domestic use other than this spring.

Well logs in the area indicate that locating an alternative domestic water source may be quite difficult or impossible.

Without your consideration for the approval of this application the ability to use my property and reside at this residence (my only residence) will negatively affect the value of my property and my physical ability to live here.

I greatly appreciate any consideration to my application and look forward to your determination.
