Final Order

Appeal Rights

This is a Final Order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

This statement of judicial review rights does not create a right to judicial review of this order, if judicial review is otherwise precluded by law. Where no changes have been made to a Proposed Final Order on a water right application and no protests have been filed during the protest period, the Final Order is not subject to judicial review.

Application History

On June 1, 2001, Blaine Limited Partnership submitted an application to the Department for a water use permit.

On February 23, 2010, the Department issued a Proposed Final Order recommending denial of the application because the proposed use was not consistent with Oregon Administrative Rules (OAR) 690-505-0020(1)(c), the Deschutes Basin Program. The Deschutes Basin Program allows storage for supplemental irrigation if the applicant gives proper cognizance to the multi-purpose concept.

On March 12, 2010, the applicant submitted information addressing the multi-purpose concept, and a revised map showing the correct location and coordinates of Pump #1, the point of diversion from Reservoir 1.

On May 25, 2010, the Department issued a Superseding Proposed Final Order recommending approval of the application. The protest period closed July 9, 2010, and no protest was filed.

The proposed use would not impair or be detrimental to the public interest.

Order

Application R-84768 therefore is approved as proposed by the Superseding Proposed Final Order, and Permit R-14868 is issued as limited by the conditions proposed by the Proposed Final Order.

DATED August 5, 2010
