Subject: R87201 Review

Attachments: R87201.doc

Hi Kerry,

Attached is the review for Steve Conlee. This is the application which I am requesting the fish presence survey for above the reservoir on Pine Creek. Basically the stream net maps and our district fish distribution maps are showing steelhead presence approximately 1 mile above the reservoir in Pine Creek. Before making a recommendation I would like to know what the situation is above the reservoir in Pine Creek. Once the survey is completed I would fill out another review based upon our observations.

Thanks,

Brent Smith
