Subject: RE: Application G-17414 Fred & Jonnie Justesen -- propose to store ground water in three in-channel ponds

Hi Brent,

Thanks for the information. There is not a form for this type of application -- being a ground water application with no PSI, but storage of gw in in-channel reservoirs.

Thanks again!

Kerry

Subject: RE: Application G-17414 Fred & Jonnie Justesen -- propose to store ground water in three in-channel ponds

Hi Kerry,

the 3 reservoirs listed in G-17414 for the unnamed tributary to Jackknife Canyon are 3-3.5 miles above any know fish presence. It is unlikely that fish would be present in the area of the reservoirs due to the lack of flowing water so we have no concerns at this point. Is there an official form I need to submit comments on?

Thanks,

Brent Smith

Subject: Application G-17414 Fred & Jonnie Justesen -- propose to store ground water in three in-channel ponds

11/17/2010

Application G-17414 proposed the appropriation of 0.08 CFS of ground water from a well (SHER 50251) in Jackknife Canyon Basin to initially fill and maintain three in-channel reservoirs. The reservoirs are located on Jackknife Canyonj.

Here is a link to the application materials:

http://apps2.wrd.state.or.us/apps/wr/wrinfo/wr_folder_image.aspx?snp_id=169917

Please evaluate the proposed reservoirs and let me know if you have any comments or concerns or if you want to recommend any conditions.

If I do not receive a response from you by December 15, 2010, I will make a note in the file that ODFW has no comments or concerns with this application. If you need more time beyond December 15, 2010 to complete your evaluation, please let me know.

Thanks for your help!

Kerry
