RE: G-17399 Food for Lane County -- does well construction request submitted by Springfield Utility Board (SUB) received 8-5-10 change GW review?

Please see attached 8-5-10 letter from Bart McKee, with SUB, regarding his request for specific well construction parameters as a way to preserve the quality of the ground water reservoir that supplies SUB's drinking water supply.

Does Bart McKee's letter change your ground water review in any way?

Please send your written response to me along with the file.

Thanks.
