Hi Kerry,  
Sorry I missed you and sorry I didn't get back to you on this.

I talked with Jerry Sauter and he concurred that Miles could get domestic expanded there and that the use of stored water was unnecessary. I then called Miles and explained to him that he did not need irrigation use called out separately, nor a BOR contract, so long as he also makes domestic use of the water at his property. I emailed the BOR and talked with someone in their billing service who said, as long as they had not yet prepared a contract, his money could be refunded.

I see where I sent Miles an email on Jan 19<sup>th</sup>, I will forward that to you now. I don't know why I didn't insist he contact you too, but it looks like I did not.

He only needs Domestic Use Expanded and that's all he should apply for.

Thanks,  
MM

Hi Michael,

Last Friday we discussed the use proposed by Mr. Wilson. I were planning on talking with him regarding domestic expanded vs. domestic + stored water from BOR.

Did you have a chance to talk with Mr. Wilson?

Let me know. The 45-day deadline for IR issuance is quickly approaching – which is February 12, 2011!

Thanks for your help!

Kerry

P.S. I will be leaving at 2:15 pm today.
