Note: Attach multiple copies as needed

By my signature below I confirm that I understand:

- I am asking to use water specifically as described in this application.
- Evaluation of this application will be based on information provided in the application.
- I cannot use water legally until the Water Resources Department issues a permit.
- Oregon law requires that a permit be issued before beginning construction of any proposed well, unless the use is exempt. Acceptance of this application does not guarantee a permit will be issued.
- If I get a permit, I must not waste water.
- If development of the water use is not according to the terms of the permit, the permit can be cancelled.
- The water use must be compatible with local comprehensive land-use plans.
- Even if the Department issues a permit, I may have to stop using water to allow senior water-right holders to get water to which they are entitled.

I (we) affirm that the information contained in this application is true and accurate.

App. No. <u>G-17461</u>	Permit No. _____	Date _____

SECTION 2: PROPERTY OWNERSHIP

Please indicate if you own all the lands associated with the project from which the water is to be diverted, conveyed, and used.

- Yes
 - There are no encumbrances.
 - This land is encumbered by easements, rights of way, roads or other encumbrances.
- No
 - I have a recorded easement or written authorization permitting access.
 - I do not currently have written authorization or easement permitting access.
 - Written authorization or an easement is not necessary, because the only affected lands I do not own are state-owned submersible lands, and this application is for irrigation and/or domestic use only (ORS 274.040).
 - Water is to be diverted, conveyed, and/or used only on federal lands.

List the names and mailing addresses of all affected landowners *(attach additional sheets if necessary)*.

Easement: Williams Pipeline Northwest Attn: Larry Ferguson, Eugene District Office
 89861 Game Farm Road Eugene, OR 97408

SECTION 3: WELL DEVELOPMENT

WELL NO.	NAME OF NEAREST SURFACE WATER	IF LESS THAN 1 MILE:	
		DISTANCE TO NEAREST SURFACE WATER	ELEVATION CHANGE BETWEEN NEAREST SURFACE WATER AND WELL HEAD
1	Unnamed Stream	870 ft	25 ft
2	Unnamed Stream	860 ft	15 ft
3	Unnamed Stream	1,550 ft	25 ft

Please provide any information for your existing or proposed well(s) that you believe may be helpful in evaluating your application. For existing wells, describe any previous alteration(s) or repair(s) not documented in the attached well log or other materials *(attach additional sheets if necessary)*. Well 1 is CLAC 2430 and Well 2 is CLAC 2431. Well 3 is a proposed well.

SECTION 3: WELL DEVELOPMENT, CONTINUED

APR 19 2011

Source (aquifer), if known: Unconsolidated Quaternary Sediments according to DHS sanitary survey.

Total maximum rate requested: 250 gpm for up to 100,000 gallons/day from any combination of three wells (each well will be evaluated at the maximum rate unless you indicate well-specific rates and annual volumes in the table below).

Complete the table below. If this is an existing well, the following information may be found on the applicable well log. *(If a well log is available, please submit it in addition to completing the table.)* If this is a proposed well, or well-modification, consider consulting with a licensed well driller, geologist, or certified water right examiner.

G-17461

OWNER'S WELL NAME OR NO.	PROPOSED	EXISTING	WELL ID (WELL TAG) NO.* OR WELL LOG ID**	FLOWING ARTESIAN	CASING DIAMETER	CASING INTERVALS (IN FEET)	PERFORATED OR SCREENED INTERVALS (IN FEET)	SEAL INTERVALS (IN FEET)	MOST RECENT STATIC WATER LEVEL & DATE (IN FEET)	PROPOSED USE			
										SOURCE AQUIFER***	TOTAL WELL DEPTH	WELL-SPECIFIC RATE (GPM)	ANNUAL VOLUME (ACRE-FEET)
1	<input type="checkbox"/>	<input checked="" type="checkbox"/>	CLAC 2430	<input type="checkbox"/>	10 inch	Csg to 164 and liner 147 to 295	166 to 289	0 to 18	80 9/2/1986	Deep sand & gravel	295		
2	<input type="checkbox"/>	<input checked="" type="checkbox"/>	CLAC 2431	<input type="checkbox"/>	8 inch	0 to 170	None reported	0 to 20	97 9/7/1974	Deep sand & gravel	180		
3	<input checked="" type="checkbox"/>	<input type="checkbox"/>	--	<input type="checkbox"/>	10 inch	0 to 260	150 to 260	0 to 150	NA	Deep sand & gravel	265		
	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>									
	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>									
	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>									
	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>									

* Licensed drillers are required to attach a Department-supplied Well Tag, with a unique Well ID or Well Tag Number to all new or newly altered wells. Landowners can request a Well ID for existing wells that do not have one. The Well ID is intended to serve as a unique identification number for each well.

** A well log ID (e.g. MARI 1234) is assigned by the Department to each log in the agency's well log database. A separate well log is required for each subsequent alteration of the well.

*** Source aquifer examples: Troutdale Formation, gravel and sand, alluvium, basalt, bedrock, etc.

SECTION 4: WATER USE

USE	PERIOD OF USE	ANNUAL VOLUME (ACRE-FEET)
Commercial/Industrial	Year-Round	115
Land Application (Primary Irrigation)	March 1 to October 31	115 - The above volume of water is land applied after use (see Section 9 Remarks)

Exempt Uses: Please note that 15,000 gallons per day for single or group **domestic** purposes and 5,000 gallons per day for a single **industrial or commercial** purpose are exempt from permitting requirements.

For irrigation use only:

Please indicate the number of primary and supplemental acres to be irrigated (*must match map*).

Primary: 102.8 Acres Supplemental: 0 Acres

List the Permit or Certificate number of the underlying primary water right(s): Certificates 42788 and 44577 - See Section 5 and Section 9 Remarks

Indicate the maximum total number of acre-feet you expect to use in an irrigation season: 115

- If the use is **municipal or quasi-municipal**, attach **Form M**
- If the use is **domestic**, indicate the number of households: NA
- If the use is **mining**, describe what is being mined and the method(s) of extraction: NA

SECTION 5: WATER MANAGEMENT

A. Diversion and Conveyance

What equipment will you use to pump water from your well(s)?

Pump (give horsepower and type): 10 and 20 hp submersible pumps

Other means (describe): _____

Provide a description of the proposed means of diversion, construction, and operation of the diversion works and conveyance of water. Water will be pumped from the wells to egg washing/processing facilities and general site cleanup. The used water will be collected and pumped to a lagoon for temporary storage. (Although the lagoon functions as a bulge in the system, a separate storage application is being filed with the WRD with this application). The water in the lagoon will be seasonally land applied (irrigation) under an Oregon Department of Environmental Quality (DEQ) Water Pollution Control Facility (WPCF) permit. The water is conveyed using 3, 4 and 6- inch-diameter buried mainlines.

The primary irrigation being requested will be for the land application process. The primary irrigation water rights under Certificates 42788 and 44577 could be diminished to supplemental rights if this permit application is approved.

B. Application Method

What equipment and method of application will be used? (e.g., drip, wheel line, high-pressure sprinkler)

Nozzles, sprinklers and water baths will be used in the egg washing/processing. Wheel lines, guns and hand lines will be used for the irrigation.

C. Conservation

Please describe why the amount of water requested is needed and measures you propose to: prevent waste; measure the amount of water diverted; prevent damage to aquatic life and riparian habitat; prevent the discharge of contaminated water to a surface stream; prevent adverse impact to public uses of affected surface waters.

The diverted water will be used for egg washing/processing and general site cleanup and then forwarded to a lagoon (reservoir) for temporary storage before being seasonally land applied for irrigation under a DEQ WPCF permit. The reuse of the process water for irrigation is efficient and conserves water. The DEQ permit has conditions to limit the potential for runoff to enter surface waters.

SECTION 6: STORAGE OF GROUND WATER IN A RESERVOIR

If you would like to store ground water in a reservoir, complete this section (*if more than one reservoir, reproduce this section for each reservoir*).

Reservoir name: WEF Storage Lagoon Acreage inundated by reservoir: 5 acres

Use(s): Temporary storage for water to be land applied under the supplemental irrigation use.

Volume of Reservoir (acre-feet): 39 (will be refilled by used process water to maximum of 115 AF/year)

Dam height (feet, if excavated, write "zero"): 14.0

Note: If the dam height is greater than or equal to 10.0' above land surface AND the reservoir will store 9.2 acre feet or more, engineered plans and specifications must be approved prior to storage of water.

SECTION 7: USE OF STORED GROUND WATER FROM THE RESERVOIR

If you would like to use stored ground water from the reservoir, complete this section (*if more than one reservoir, reproduce this section for each reservoir*).

Annual volume (acre-feet): 115.0

USE OF STORED GROUND WATER	PERIOD OF USE
Land Application (Primary Irrigation)	March 1 to October 31

SECTION 8: PROJECT SCHEDULE

Date construction will begin: As soon as permit is issued

Date construction will be completed: October 1, 2016

Date beneficial water use will begin: October 1, 2017

SECTION 9: REMARKS

Use this space to clarify any information you have provided in the application (*attach additional sheets if necessary*).

The applicant attended a pre-application conference on September 14, 2010 with Jerry Sauter and Kelly Starnes of the WRD.

A WRD storage application for the lagoon used to store the wastewater from the egg washing/processing is being concurrently filed with this application.

The use of water from Wells 1 and 2 has been approved by the Oregon Health Division for the egg washing/processing uses and there is a WPCF permit from DEQ for the land application (irrigation) of the wastewater.

Although there will be a total of 102.8 acres where the water can be land applied, this source will only provide a portion of the irrigation water needed for the site (a maximum of 115 AF instead of the 257 AF that could be used at 2.5 AF/acre). The balance of the irrigation water would be obtained from Certificates 42788 and 44577. A transfer of these rights to update the place of use is planned after this application has been processed.

Land Use

Information Form

Oregon Water Resources Department
725 Summer Street NE, Suite A
Salem, Oregon 97301-1266
(503) 986-0900
www.wrd.state.or.us

NOTE TO APPLICANTS

In order for your application to be processed by the Water Resources Department (WRD), this Land Use Information Form must be completed by a local government planning official in the jurisdiction(s) where your water right will be used and developed. The planning official may choose to complete the form while you wait, or return the receipt stub to you. Applications received by WRD without the Land Use Form or the receipt stub will be returned to you. Please be aware that your application will not be approved without land use approval.

This form is NOT required if:

- 1) Water is to be diverted, conveyed, and/or used only on federal lands; **OR**
- 2) The application is for a water right transfer, allocation of conserved water, exchange, permit amendment, or ground water registration modification, and **all** of the following apply:
 - a) The existing and proposed water use is located entirely within lands zoned for exclusive farm-use or within an irrigation district;
 - b) The application involves a change in place of use only;
 - c) The change does not involve the placement or modification of structures, including but not limited to water diversion, impoundment, distribution facilities, water wells and well houses; **and**
 - d) The application involves irrigation water uses only.

NOTE TO LOCAL GOVERNMENTS

The person presenting the attached Land Use Information Form is applying for or modifying a water right. The Water Resources Department (WRD) requires its applicants to obtain land-use information to be sure the water rights do not result in land uses that are incompatible with your comprehensive plan. Please complete the form or detach the receipt stub and return it to the applicant for inclusion in their water right application. You will receive notice once the applicant formally submits his or her request to the WRD. The notice will give more information about WRD's water rights process and provide additional comment opportunities. You will have 30 days from the date of the notice to complete the land-use form and return it to the WRD. If no land-use information is received from you within that 30-day period, the WRD may presume the land use associated with the proposed water right is compatible with your comprehensive plan. Your attention to this request for information is greatly appreciated by the Water Resources Department. If you have any questions concerning this form, please contact the WRD's Customer Service Group at 503-986-0801.

List all counties and cities where water is proposed to be diverted, conveyed, and/or used or developed:

Clackamas County

B. Description of Proposed Use

Type of application to be filed with the Water Resources Department:

- Permit to Use or Store Water Water Right Transfer Permit Amendment or Ground Water Registration Modification
 Limited Water Use License Allocation of Conserved Water Exchange of Water

Source of water: Reservoir/Pond Ground Water Surface Water (name) _____

Estimated quantity of water needed: 115 cubic feet per second gallons per minute acre-feet

Intended use of water: Irrigation Commercial Industrial Domestic for _____ household(s)
 Municipal Quasi-Municipal Instream Other _____

Briefly describe:

Water will be used to wash and process eggs and conduct general equipment and site cleanup. The wastewater will be discharged into a lagoon (reservoir) and then seasonally land applied for irrigation. The facility has an Oregon Department of Environmental Quality Water Pollution Control Facility (WPCF) permit for the land application.

Note to applicant: If the Land Use Information Form cannot be completed while you wait, please have a local government representative sign the receipt at the bottom of the next page and include it with the application filed with the Water Resources Department. **See bottom of Page 3. →**

For Local Government Use Only

The following section must be completed by a planning official from each county and city listed unless the project will be located entirely within the city limits. In that case, only the city planning agency must complete this form. This deals only with the local land-use plan. Do not include approval for activities such as building or grading permits.

Please check the appropriate box below and provide the requested information

- Land uses to be served by the proposed water uses (including proposed construction) are allowed outright or are not regulated by your comprehensive plan. Cite applicable ordinance section(s): 401.02
- Land uses to be served by the proposed water uses (including proposed construction) involve discretionary land-use approvals as listed in the table below. (Please attach documentation of applicable land-use approvals which have already been obtained. Record of Action/land-use decision and accompanying findings are sufficient.) **If approvals have been obtained but all appeal periods have not ended, check "Being pursued."**

Type of Land-Use Approval Needed (e.g., plan amendments, rezones, conditional-use permits, etc.)	Cite Most Significant, Applicable Plan Policies & Ordinance Section References	Land-Use Approval:	
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued
		<input type="checkbox"/> Obtained <input type="checkbox"/> Denied	<input type="checkbox"/> Being Pursued <input type="checkbox"/> Not Being Pursued

Local governments are invited to express special land-use concerns or make recommendations to the Water Resources Department regarding this proposed use of water below, or on a separate sheet.

Name: Linda Preisz Title: Sr Planner
 Signature: Linda Preisz Phone: 503 742 9588 Date: 4-18-11
 Government Entity: Clackamas County Land Use & Zoning

Note to local government representative: Please complete this form or sign the receipt below and return it to the applicant. If you sign the receipt, you will have 30 days from the Water Resources Department's notice date to return the completed Land Use Information Form or WRD may presume the land use associated with the proposed use of water is compatible with local comprehensive plans.

LEGAL DESCRIPTION

PARCEL I:

A tract of land situated in the Northeast one quarter of Section 9, Township 5 South, Range 1 East of the Willamette Meridian, in the County of Clackamas, and State of Oregon, more particularly described as follows:

Beginning at the quarter section corner between Sections 9 and 10; thence West along the quarter section line, 53.0 rods; thence North 120.0 rods; thence East 45-4/33 rods; thence South 50.0 feet; thence East 130.0 feet to the section line; thence South along the section line, 117-1/11 rods to the point of beginning;

EXCEPTING THEREFROM the following parcel:

Beginning at the quarter section corner between Sections 9 and 10; thence West along the quarter section line, 174.46 feet; thence North parallel with the East line of the Northeast quarter, 363.83 feet; thence East parallel with the quarter section line, 174.46 feet; thence South along the Section line, 363.83 feet to the point of beginning;

AND FURTHER EXCEPTING that portion lying within public roads;

ALSO EXCEPTING THEREFROM the following described tract:

Beginning at the quarter section corner between Sections 9 and 10; thence North along the East line of said Northeast one quarter, 120 rods to the Southeast corner of that tract conveyed to Smyrna Congregational Church by deed recorded June 20, 1893, in Book 52, Page 253; thence West along the South line of said Smyrna tract, 130 feet to the Southwest corner thereof and the true point of beginning of the tract to be described; thence continuing West along the Westerly extension of said South line, 315.50 feet, more or less, to a point 50 feet South of the Southwest corner of a tract owned by Smyrna Congregational Church; thence North, parallel with the West line of said Smyrna tract, 50 feet to the Southwest corner of a tract owned by Smyrna Congregational Church; thence East, along the South line of the last-mentioned Smyrna tract, 315.50 feet, more or less, to the Northwest corner of the first-mentioned Smyrna tract; thence South along the West line thereof, 50 feet to the true point of beginning

(assessor's no. 51E09 00300 and 00301)

PARCEL II:

[A.] The South 16 acres of the North one half of the Northwest one quarter of the Northwest one quarter of Section 10, Township 5 South, Range 1 East of the Willamette Meridian, in the County of Clackamas and State of Oregon.

[B.] The South one half of the Northwest one quarter of the Northwest one quarter of Section 10, Township 5 South, Range 1 East, Willamette Meridian, in the County of Clackamas and State of Oregon.

[C.] A tract of land in the Southwest one quarter of the Northwest one quarter of Section 10, Township 5

LEGAL DESCRIPTION

(Continued)

South, Range 1 East, Willamette Meridian, in the County of Clackamas and State of Oregon, described as follows:

Beginning at the Northwest corner of the Southwest one quarter of the Northwest one quarter of Section 10, Township 5 South, Range 1 East of the Willamette Meridian in the County of Clackamas and State of Oregon; thence East 75.00 rods; thence South 37.50 rods; thence West 75.00 rods to the section line between Sections 9 and 10; thence North 37.50 rods to the place of beginning.

[D.] Part of the Southwest one quarter of the Northwest one quarter of Section 10, Township 5 South, Range 1 East of the Willamette Meridian, in the County of Clackamas and State of Oregon, described as follows:

Beginning at a point 37.5 rods South of the Northwest corner of the Southwest one quarter of the Northwest one quarter of Section 10, Township 5 South, Range 1 East, Willamette Meridian; thence East 75 rods; thence South about 42 rods to the centerline of Market Road No. 32; thence West along the center line of Market Road No. 32 to the section line between Sections 9 and 10, Township 5 South, Range 1 East, Willamette Meridian; thence North to the place of beginning.

[E.] The North 500 feet of the Fosmark property recorded in Book 540, Page 638, Deed Records, being more particularly described as follows:

Beginning at the Northeast corner of the South one half of the Northwest one quarter of Section 10, Township 5 South, Range 1 East of the Willamette Meridian; thence Westerly on the North line of the South one half of the Northwest one quarter of Section 10, 701.25 feet to the true point of beginning of the tract to be described; thence continuing Westerly on the North line of the South one half of the Northwest one quarter of Section 10, 701.25 feet to a point; thence South 500.0 feet to a point that is 1402.50 feet West of the division line between the East and West one-halves of Section 10; thence Easterly parallel with the North line of the South one half of the Northwest one quarter of Section 10, 701.25 feet to a point on the West line of that tract described in deed recorded in Book 241, Page 130, Deed Records; thence North 500.00 feet to the point of beginning.

(assessor's no. 51E10 00900)

PARCEL III:

That portion of Section 11, Township 5 South, Range 1 East of the Willamette Meridian, in the County of Clackamas and State of Oregon, described as follows:

Beginning at the Northeast corner of the principal tract described in deed to Nels Sanden and Lilybelle Sanden, recorded October 26, 1954, in Book 487, Page 645, at a point on the center of Market Road No. 32; thence South along the East line of said principal tract, a distance of 748.85 feet to a point; thence West parallel with the South line of Section 11, a distance of 974.25 feet; thence North parallel with the East line
