Please provide any information for your existing or proposed well(s) that you believe may be helpful in evaluating your application. For existing wells, describe any previous alteration(s) or repair(s) not documented in the attached well log or other materials (attach additional sheets if necessary).

The wells are expected to be in hydraulic connection with surface water. The District 18 Watermaster (Darrell Hedin) indicated to Steven R. Bruce, RG, CWRE, on March 22, 2011 that surface water on the east side of Highway 30 in the site area will likely be considered part of the Multnomah Channel and that water from that source is available for new appropriations.
