Subject: Alternate Reservoir Application R-87640 Thomas Van Saun

Hi Heather,

We have a new policy which requires us to get comments from Alternate Reservoir reviewers' before we can proceed with a Final Order for an application.

I sent you a review sheet on 8/15/10 for Application R-87640 Thomas Van Saun. The application proposed the storage of 12.0 AF in Reservoir 1 from runoff, tributary to Slagle Creek and Slagle Creek, tributary to Applegate River, for multipurpose use.

Please see the link to the application and map at:
http://apps2.wrd.state.or.us/apps/wr/wrinfo/wr_folder_image.aspx?snp_id=169647

Please complete/return the attached form.

If the Department does not receive a review by COB Tuesday, October 5, 2010, the Department will assume DEQ has no comments. If other arrangements for additional time are needed, please let me know.

Thanks for your help.

Kerry
