RE: SWR-40

I sent a letter Sept. 26, 1991 acknowledging the addition of the notary's signature and initialed change. I indicated that we would make a site inspection in the future and would contact her as to the next step in the proceedings.

Unfortunately, it was sent before an exact copy of the letter could be made for the file.

Dear Ms. Campbell,

In reviewing the registration statement you submitted to our office I find that under item #1 the letter " N " has been inserted. If you want this letter on your form I need to have you initial near the " N ". On the back page of the form, you had your signature notarized by Gloria G. Burnett. Ms. Burnett placed her stamp on the form but did not sign her signature. I am returning your form for these two corrections.

In the future we will complete a final review of your claim.

Sincerely,

Don Knauer
