Uster E Ross, Attorney & Agent.

Gentlemen:- Herewith you will find Application No. 7299, being Permit No. 4611, together with sketch map. This application has been approved and recorded in this office.

May 25th, 1920.

Mr. Custer E. Ross,
Silverton,
Oregon.

Dear Sir:

Enclosed please find my official receipt No. 7641 for \$8.00 which amount was transmitted with your letter of May 23rd, together with application for permit to appropriate water in the name of the Silver Falls Timber Company. I am also in receipt of map and tracing. This application has been numbered 7299 and placed on file in this office and will be taken up for approval as soon as same can be reached and you will be further advised.

I note the statement in the application that certain power is to be developed. As this application does not cover the appropriation of water for power development in the ordinary sense, I have corrected the application by eliminating the amount of fall to be utilized, and the number of horsepower to be developed, as I understand the water is to be used for locomotive purposes only.

Trusting you will find this satisfactory,
I remain,

Very respectfully,

Percy A. Copper,
State Engineer.
