Dear Mr. Kenagy:

Enclosed is one duplicate original of the recently executed contract with the United States providing for water service from the Willamette Basin Project. The contract is numbered and dated as follows:

7-07-10-W0036, April 27, 1977

Copies of the contract are also being provided to the Oregon State Water Resources Department and the Corps of Engineers, Portland District.

Also enclosed is a form for your reporting operations during the 1977 irrigation season. Please maintain the form on a monthly basis during the 1977 irrigation season. The form should be returned to the Bureau's Regional Office in Boise, Idaho, at the address shown on the report form, not later than October 31, 1977. The form should be submitted even if you do not use stored water in 1977. If the form is not submitted by October 31, 1977, it will be assumed that you have used the maximum quantity of water available under the contract and you will subsequently be billed for excess water use in the 1977 irrigation season.

Sincerely yours,

Robert A. Barbo

BUREAU OF RECLAMATION
Willamette Basin Project, Oregon

CONTRACT FOR WATER SERVICE

THIS CONTRACT, made this 27 day of April, 1977, pursuant to the Act of Congress approved June 17, 1902 (32 Stat. 388) and acts amendatory thereof or supplementary thereto, including section 8 of the Act of December 22, 1944 (58 Stat. 887, 891), all of which acts are commonly known and referred to as the Federal Reclamation Laws, between the UNITED STATES OF AMERICA, hereinafter referred to as the United States, represented by the Contracting Officer executing this

contract, and Clif Kenagy
(name)

1911 N. E. Pax Place, Corvallis, Oregon 97330,
(address)

hereinafter referred to as the Contractor;

WITNESSETH, THAT:

Explanatory Recitals

2. WHEREAS, because the United States is engaged in the construction and operation of a system of multipurpose reservoirs in the Willamette Basin, Oregon, herein styled the Willamette Basin Project, there will be a flow of water that can be used for irrigation of land, and other beneficial uses, which flow as it is developed or as it will be augmented, was appropriated by the United States pursuant to the laws of Oregon for beneficial use under the Federal Reclamation Laws; and

3. WHEREAS, the Contractor is the owner of land hereinafter described, for which a water supply is desired to be secured from the United States;

NOW, THEREFORE, in consideration of the premises and the payment by the Contractor to the United States of the charges in the manner hereinafter provided, it is agreed:

Water to be Provided by the United States

4. The United States shall make available each year to the Contractor during the irrigation season from April 1 to September 30, inclusive, water from the Willamette Basin Project for irrigation of the land of the Contractor described as follows: 5.6 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ sec. 30,
11.0 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 29,
1.9 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 29,
18.8 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 31,
40.0 acres in NW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 32,
2.4 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 32,
3.5 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 31,
6.7 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 32,
0.1 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 32, all in T. 10 S., R. 3 W., W.M.

Of the land described, 90 acres are to be irrigated. The quantity of water to be made available hereunder shall be that quantity which may be applied beneficially in accordance with good usage in the irrigation of the land above described, but in no event shall it exceed a total diversion of 193.5 acre-feet annually, measured at the point of delivery of said water.

Place of Delivery and Measurement of Water

5. Water for the purposes hereof shall be made available at the following described point of diversion:

100 feet north and 1,700 feet east of the southwest corner of sec. 29, T. 10 S., R. 3 W., W.M.

The Contractor shall receive said water at said point of diversion and shall be wholly responsible for taking said water at that point and diverting, conveying, and utilizing it. The water to be delivered hereunder shall be measured at: Point of diversion

by means of a measuring device or controlling device to be satisfactory to the Contracting Officer. Such devices shall be furnished, installed, and maintained by and at the expense of the Contractor, but they shall be and remain at all times under the control of the United States or of an appropriate State-appointed watermaster whose representative may at

all times have access to them over any lands of the Contractor. All losses of water from seepage, evaporation, or other cause, below said point of measurement, shall be borne by the Contractor.

Rate of Delivery of Water

6. The monthly supply of water hereunder diverted in any one month of the irrigation season, beginning in April and ending on or before September 30, shall not exceed 35 percent of the total maximum annual diversion as hereinabove set forth. The Contractor shall, to the extent practicable, submit to the Contracting Officer an advance schedule as to the precise time of water deliveries. Changes in such schedule may be made only upon sufficient advance notice to the Contracting Officer to allow him to adjust releases to meet the new schedules. Upon the appointment of a watermaster to govern diversions from the stream concerned, the Contractor shall be required to conform his diversions and releases to the control of the stream as established by the watermaster.

Water Supply

7. (a) The Contractor and all other entities heretofore or hereafter contracting with the United States for a right to use water from the Willamette Basin Project shall, to the extent of their respective maximum contracted rights, have equal priority to the use of water from such project so far as that may be physically practicable and legally possible, without regard to the date of their respective contracts. It is the responsibility of the Contractor to comply with the laws of the State of Oregon regarding the obtaining and perfecting of permits to divert water to the lands described in Article 4. The obligation of the United States to deliver water under this contract is subject to an operating plan for the Willamette Basin Project determined in accordance with the law governing the project.

(b) On account of drought, inaccuracy in distribution, or other cause, there may occur at times a shortage in the water supply provided herein, and while the United States will use all reasonable means to guard against such shortages, in no event shall any liability accrue against the United States or any of its officers, agents or employees for any damage, direct or indirect, arising therefrom.

Water Charges

8. (a) The Contractor shall pay, for all supplies of water delivered under this contract, a minimum charge equal to the annual rate per acre-foot as established under (c) of this article times the

Arts. 6, 7, 8(a)

(b) This contract shall be terminated and water service hereunder shall cease automatically when water is made available to the lands involved through an agreement with an organized group or association for the benefit of the lands described in Article 4.

(c) If the Contractor fails to comply with any of the terms and conditions hereof, including payment of water charges, and the provisions with respect to the use of water on excess lands, and after written notice fails to remedy such default within 30 days, the United States may, at its option, terminate this contract.

Irrigable Area Limitation

10. Pursuant to the provisions of the Federal Reclamation Laws, water made available to the Contractor hereunder shall not be delivered to more than 160 irrigable acres in the ownership of any one person or other entity, nor more than 320 irrigable acres held by a husband and wife as community property, except that, if irrigable lands in excess thereof have been acquired by foreclosure or other process of law, by conveyance in satisfaction of mortgages, by inheritance or devise, water therefor may be furnished temporarily for a period not to exceed five years from the effective date of such acquisition, and except that delivery may be made to lands held in excess of this limitation if the excess lands are covered by a recordable contract made in accordance with the provisions of section 46 of the Act of May 25, 1926 (44 Stat. 649). In the event that the Congress of the United States repeals or amends the excess land provisions of the Federal Reclamation Laws, the United States agrees, at the option of the Contractor, to negotiate amendments of this article consistent with the provisions of such amendment.

Term of Contract

11. This contract shall become effective as of the date first above written after its execution on behalf of the United States, and shall remain effective for a term of 40 years from that date except as otherwise herein provided. At the expiration of the term, the contract may be extended by the Secretary of the Interior for additional terms of not to exceed 40 years each.

Arts. 9(b)(c), 10, 11
