Dear Mrs. Hampton:

This is in response to your recent telephone conversation with Ryan Patterson of this office regarding changes to Contract No. 7-07-10-W0032, dated April 26, 1977, which provides you an irrigation water supply from the Willamette Basin Project.

Because changes are being made to the description of lands to be served, and possibly the amount of acre-feet you will receive and the annual payment, we feel it will be in the best interest of both parties to cancel Contract No. 7-07-10-W0032 and provide you a new contract to reflect all the changes. We apologize for any inconvenience this may cause you.

We are, therefore, enclosing a contract data sheet which we ask you complete and return to this office. Upon receipt, we will prepare a new form of water service contract which will be forwarded to you for review and signature. As was mentioned in this conversation, it will be necessary for you to contact the Oregon State Department of Water Resources regarding your Permit to Divert.

If you should have any questions, please feel free to contact Ryan Patterson at (208) 334-1961.

Sincerely yours,

*Robert A. Barbo*
