

NOTICE OF COMPLETE APPLICATION OF WATER TO A BENEFICIAL USE

I, Ed Sischo, the holder of Application No. 7717, being
 Permit No. 4984, issued by the State Engineer of the State of Oregon
 (Reservoir or Enlargement) _____
 for the appropriation of 1 cubic ft second-feet of the waters of Fish Creek
 in accordance with the tenor of such permit and the limitations endorsed thereon by the State Engineer,
 completely applied the water to a beneficial use, on the 15 day of June, 1922,
 being the time limitation as fixed in said permit or extended by the State Water Board for the complete
 application of water to a beneficial use.

Remarks: Am using all the water applied for just now
 If all of the water granted in the permit had not been fully applied to beneficial use, you should so state, so that delinquent appropriators may
as it is very dry
 have notice.

IN WITNESS WHEREOF, I have hereunto set my hand this 19 day of June, 1922.

Re: Ed Sischo
Mehama, Oregon - No. 7717

Dear Madam:

Your letter of February 8, 1963, has been turned over to us.

We probated the estate of Ray Sischo, Deceased, who was the only son of Ed Sischo.

Ray Sischo left surviving him his widow, who has since died and her estate is being probated, and one child, Terry Ray Sischo, whose guardianship estate is being handled by the Pioneer Trust Company of Salem, Oregon. We assume that if you are able under your law, you can remit the \$1.00 fee being held by you to such guardian.

Yours truly,

RHOTEN, RHOTEN & SPEERSTRA

Dear Mr. Sisco:

Records in this office reveal that there is a \$1.00 fee being held for recording a new certificate in regard to your water right. It appears that this new certificate will not be needed and the fee should be refunded to you.

Please send confirmation of your address and the refund check will be sent immediately.

Very truly yours,

Chris L. Wheeler
State Engineer

December 17, 1923.

Mr. Ed Slacks,
Gates, Oregon.

Dear Sir:

Final proof of appropriation of water and the \$1.00 recording fee have been received under your Permit No. 4984. Official receipt No. 496 is enclosed covering the above amount.

The proof appears to be in proper form and will be taken up for approval and the issuance of certificate within the near future.

Very truly yours,

H.
Enclosure.

Rhea Luper,
State Engineer.

July 25, 1922.

Mr. Ed Sischo,
Gates, Oregon.

Dear Sir:

We are waiting for proof of appropriation of
water under permit No. 2220, which you will please fill out and
return to this office, together with \$1.00 recording fee, and the
matter will be presented to the Board at its next meeting for ap-
proval and issuance of final water right certificate.

Yours very truly

Encl.

A. W. Fetter.

April 7, 1921

Mr. Ed Slesho,
Gates, Marion Co.,
Oregon.

Dear Sir:- Herewith you will find Application No. 7717, being Permit No. 4984,
which has been approved and recorded in this office.

March 15, 1921

Mr. Ed Sischo,
Gates, Marion Co.,
Oregon.

Dear Sir:-

Enclosed please find my official receipt No. 8347 for \$5.45, which amount was transmitted with your letter of March 12 and your Application No. 7717, which had been returned for correction. I am also in receipt of map.

This application is again returned for answer to Questions 4, 5, 9 and maps. I am enclosing a new township plat and the map and application should be made to correspond in regard to the point of diversion, the point of termination and the number of acres to be irrigated within each 40 acre tract.

The application gives the point of diversion within the SE SE of Sec. 36, while the map shows the point of diversion in Section 27. The application gives the number of acres to be irrigated as one acre in the SE SW, but no section is given. The map shows the land to be irrigated as lying in Secs. 33 and 34.

The fees on this application are a \$3.00 examination fee and \$5.00 recording fee for domestic and 15 cents for the irrigation of one acre, which makes \$2.70 in addition to the amount you have transmitted.

In order to retain its original date of priority this application completed and accompanied by the required maps should be returned to this office on or before April 15th.

Very respectfully

Percy A. Cupper,
State Engineer.

Dear Sir

in reply to yours of 12th will
say that the water has been used on
this place for irrigation purposes ever
since the place was first taken some
25 years ago so will just apply for
one cubic foot for irrigation purposes
10 of acres to be irrigated (10) tan

I want use any dam across creek just
a small gateway at head of ditch
yours truly

Ed Sisco

February 12th, 1921.

Mr. Ed Bischo,
Gates,
Oregon.

Dear Sir:

Replying to your letter of February 8th, with reference to your application No. 7717, for permit to appropriate water from Fish Creek for irrigation and domestic purposes, if the water was used on your land for irrigation purposes prior to February 24, 1909, and the right has not since been lost by abandonment or otherwise, it would be unnecessary to secure a permit from this office. On the other hand, if the water was not used for irrigation purposes prior to the above date, in order to protect your right to appropriate the water for irrigation or other purposes, you should now make application for permit.

You may have secured the right to use water from this stream for domestic purposes prior to the foregoing date, and if such is the case, and you do not now contemplate the use of an additional amount of water, it would be unnecessary for your application to cover the use of water for domestic purposes.

Trusting this information may be of value and that you will advise what you wish done with your application, I remain,

Very respectfully,

Percy A. Carper,
State Engineer.

Since making my
application for water right
I have been told that it
was not necessary to take
out a water right as the
little creek flows across
my land and I take the
water out on my land
don't use any dam just
side ditch with dam at its
head please let me know
what I should do and
oblige Ed. Lischo
