Superseding Final Order

Hearing and Appeal Rights

Under the provisions of ORS 537.170 and ORS 537.622, the applicant may request a contested case hearing by submitting the information required for a protest under ORS 537.153(6) or ORS 537.621(7) to the Department within 14 days after the date of mailing of this order as shown below. If a contested case hearing is requested, the Department must schedule one. In the contested case hearing, however, only those issues based on the modifications to the Proposed Final Order may be addressed.

ORS 536.075 allows for additional appeal rights for other than contested case. This is a Final Order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

This statement of judicial review rights does not create a right to judicial review of this order, if judicial review is otherwise precluded by law. Where no changes have been made to a Proposed Final Order on a water right application and no protests have been filed during the protest period, the Final Order is not subject to judicial review.

Application History

On September 10, 1992, Palmer Creek Water District Improvement Company submitted an application to the Department for a water use permit. The Department issued a Proposed Final Order on December 26, 1995. The protest period closed February 9, 1996, and no protest was filed.

On February 29, 1996, a Final Order was issued approving Application S-72668 pending submittal of an executed Bureau of Reclamation (BOR) contract for the use of stored water.

On September 14, 2011, the Department received a copy of BOR contract number 119E101760.

Subsequently, the Department discovered a scrivener's error describing the place of use. The correct place of use is located in Section 7, Township 5 South, Range 3 West, W.M.

This Final Order supersedes the February 29, 1996 Final Order, which is of no further force or effect.

The proposed use would not impair or be detrimental to the public interest.

Order

This Final Order supersedes the February 29, 1996 Final Order. Application S-72668 is approved with above modifications to the Proposed Final Order, and Permit S-54747 is issued as limited by the conditions contained therein.
