

**BEFORE THE WATER RESOURCES DEPARTMENT
OF THE STATE OF OREGON**

In the Matter of Water Rights Application)
S-87023, Curry County)

FINAL ORDER
APPROVING THE USE OF
STORED WATER

Authority

ORS 537.147 establishes the process by which an application to use stored water exclusively may be submitted. OAR Chapter 690, Divisions 310 and 340 implement the statute, and provide the Department's procedures and criteria for evaluating applications to use stored water exclusively.

Findings of Fact

1. On October 31, 2007, Coventry Farms LLC submitted an application for a water-use permit pursuant to ORS 537.147 proposing to allocate stored water from three reservoirs for cranberry operations.
2. The Department provided public notice of the application in the Department's weekly public notice on November 20, 2007. A 30-day comment period followed.
3. On January 11, 2008, the Department received comments from WaterWatch recommending that this secondary application be re-noticed following the issuance of permits authorizing the storage of water in the three reservoirs.
4. On October 14, 2010, the Department issued Final Orders and permits for the three reservoirs.
5. On September 11, 2012, the Department again provided public notice of the application. The Department did not receive any comments during the second comment period.
6. The Department has evaluated the application and any comments received, and finds that no public interest in ORS 537.170(8) would be affected adversely by the proposed use.

Conclusions of Law

Application S-87023 is consistent with the requirements of ORS 537.147, and OAR Chapter 690.

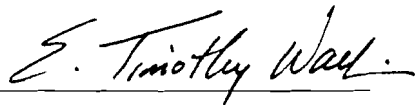

Now Therefore, it is Ordered:

Application S-87023 is approved, and Permit Number S-54781 is issued as limited by the conditions contained therein.
