BEFORE THE DIRECTOR OF THE WATER RESOURCES DEPARTMENT OF THE STATE OF OREGON

KLAMATH BASIN GENERAL STREAM ADJUDICATION

PARTIAL ORDER OF
DETERMINATION
Water Right Claim 36

The GENERAL FINDINGS OF FACT of the FINAL ORDER OF DETERMINATION is incorporated as if set forth fully herein.

A. FINDINGS OF FACT

- 1. On January 3, 1991, THE NATURE CONSERVANCY (Claimant) timely submitted a Statement and Proof of Claim (Claim 36) to the Oregon Water Resources Department (OWRD) pursuant to ORS Chapter 539 in the Klamath Basin Adjudication based upon use of water beginning prior to February 24, 1909 (pre-1909 claim).
- 2. Claim 36 was submitted for a total of 592.44 cfs from the Sycan River, a tributary of the Sprague River, and Long Creek, Chocktoot Creek, and Coyote Creek, all tributaries of the Sycan River; being 592.03 cfs of water for irrigation of 8517.5 acres, and 0.41 cfs for livestock watering of 6830 head. The claimed period of use is March 1 through October 31 for irrigation, and March 1 through November 30 for livestock watering. The claimed priority date is October 8, 1879.
- 3. CATHERINE MACDONALD, an agent making proof for THE NATURE CONSERVANCY, signed Claim 36 attesting that the information contained in the claim is true.
- 4. On January 20, 1999, Claim 36 was amended to (1) lengthen the claimed irrigation season from March 1 through October 31 to year around, (2) lengthen the season of use for incidental livestock watering from March 1 through November 30 to year around, (3) shorten the season of use for consumptive livestock watering from March 1 through November 30 to May 1 through November 15, (4) change the number of livestock to be watered from 6830 head to 3000 cow/calf pairs, (5) decrease the total cfs claimed for livestock watering from 0.41 cfs to 0.10 cfs (20 gallons per day cow/calf pair for 3000 pair), (6) add 150 cfs for conveyance losses to the livestock portion of the claim, (7) increase the originally claimed acreage for irrigation from 8517.5 acres to 8520.0 acres, (8) change the amount of water claimed for irrigation from a total of 592.44 cfs to a total volume of 72,817.52 acre-feet, and (9) add sources of water to also include AL Creek,

CLAIM 36 Page 1 of 15

- Shake Creek, ZX Creek, Rock Creek, Knoll Creek, Dry Creek, and Pole Creek, Divide Creek, and six unnamed streams.
- 5. On December 21, 1998, the title to the property appurtenant to Claim 23 was transferred to THE NATURE CONSERVANCY (Claimants) from David E. Brattain, Thomas A. Brattain, Mary Jane Brattain, Thomas M. Taylor, Susan J. Taylor, Trustee of the Susan J. Taylor Trust, Ruth L. Brattain, and Brattain Bros. Inc. See County of Lake Records Reel 33, File 887, Book 242, Page 701. Claim 23 had been timely submitted for a total of 77.47 cfs, being 2.48 cfs from Pole Creek, 4.68 cfs from Coyote Creek, 4.09 cfs from Long Creek, all tributaries of the Sycan River, and 66.22 cfs from the Sycan River, a tributary of the Sprague River, for irrigation of 3098.2 acres, The claimed period of use is March 1 through October 31. The claimed priority date is February 25, 1901. Claim 23 was subsequently incorporated into The Nature Conservancy's Claims 34 and 36.
- 6. On July 16, 1999, Claim 36 was further amended to include acreage from Claim 23, described above, resulting in an increase of the acreage for irrigation claimed by 2873.1 acres to a total of 11,931 acres, and an increase in the volume of water claimed by 12,374.57 acre-feet to a total of 85,192.09 acre-feet.
- 7. On September 29, 1999, Claim 36 was further amended to increase the volume of water claimed by 2026.11 acre-feet to a total of 87,218.2 acre-feet. The increase in rate is for the refilling of ground water storage after severe drought.
- 8. On October 26, 1999, Claim 36 was further amended to increase the claimed rate for watering livestock from 20 gallons per day per pair to 20 gallons per day per head, and to increase the quantity of water claimed for conveyance losses under the livestock watering portion of the claim.
- 9. On October 4, 1999, following investigation of the evidence submitted, the Adjudicator issued a Summary and Preliminary Evaluation of Claims (Preliminary Evaluation) stating the claim was approved, but for a smaller quantity of water than claimed.
- 10. On May 8, 2000, the Claimant timely filed Contest 2798 to the Preliminary Evaluation of Claim 36.
- 11. On May 8, 2000, the following parties, hereinafter collectively referred to as the "Klamath Project Water Users," filed Contest 3385: Klamath Irrigation District, Klamath Drainage District, Tulelake Irrigation District, Klamath Basin Improvement District, Ady District Improvement Company, Enterprise Irrigation District, Klamath Hills District Improvement Co.¹, Malin Irrigation District, Midland District Improvement Company, Pine Grove Irrigation District, Pioneer District Improvement Company, Poe Valley Improvement District, Shasta View Irrigation District, Sunnyside Irrigation District, Don

- Johnston & Son, Bradley S. Luscombe, Berlva Pritchard, Don Vincent², Randy Walthall, Inter-County Title Co., Winema Hunting Lodge, Inc., Reames Golf and Country Club, Van Brimmer Ditch Co., Plevna District Improvement Co., and Collins Products, LLC.
- 12. On May 8, 2000, the United States of America timely filed Contest 3784 to the Claim and/or Preliminary Evaluation of Claim 36.
- 13. On May 8, 2000, the Klamath Tribes timely filed Contest 4092 to the Claim and/or Preliminary Evaluation of Claim 36.
- 14. On May 8, 2000, Thomas William Mallams timely filed Contest 4948 to the Claim and/or Preliminary Evaluation of Claim 36.
- 15. These matters were referred to the Office of Administrative Hearings for a contested case hearing which were designated as Case 106.
- 16. On May 1, 2006, Thomas William Mallams's Contest 4948 was dismissed. *See* ORDER GRANTING THE NATURE CONSERVANCY'S MOTION FOR SUMMARY DETERMINATION AND DISMISSING CONTEST NO. 4948 (May 1, 2006).
- 17. On December 21, 2006, the Klamath Project Water Users withdrew Contest 3385 by stipulation. *See* STIPULATED WITHDRAWAL OF CONTEST No. 3385 (Dec. 21, 2006).
- 18. On December 21, 2006, The Nature Conservancy, OWRD, the United States of America, and the Klamath Tribes executed a STIPULATION TO RESOLVE CONTESTS 2798, 3784, AND 4902 [sic] (Settlement Agreement), thereby resolving all remaining contests to Claim 36.
- 19. On December 22, 2006, the Adjudicator withdrew Case 106 from the Office of Administrative Hearings.
- 20. OWRD finds that the priority date, October 8, 1879, stipulated in the Settlement Agreement for the use of water on 668.7 acres located within SECTION 30, and the NE¼ & W½, SECTION 31; TOWNSHIP 31 SOUTH, RANGE 14 EAST, W.M. is an impermissible amendment because it is an enlargement of the original claim; the claimed priority date for use of water on the 668.7 acres which were incorporated into Claim 36 from Claim 23, as described in Findings 5 and 6 above, is February 25, 1901.
- OWRD finds that the 36.5 acres listed in the Settlement Agreement within the NW¼ SE¼, SECTION 17, TOWNSHIP 32 SOUTH, RANGE 14 EAST, W.M is incorrect; the correct location is within the NE¼ NW¼.
- 22. OWRD finds that the measured distances for POD 'I-2' COYOTE CREEK MAIN WEIR listed in the Settlement Agreement as 202 FEET NORTH AND 1300 FEET WEST OF THE

CLAIM 36 Page 3 of 15

Don Vincent voluntarily withdrew from Contest 3385 on November 29, 2000. *See* NOTICE OF WITHDRAWAL OF CLAIMANTS.

SE CORNER, SECTION 27, TOWNSHIP 31S, RANGE 13E, W.M. are incorrect; the correct measured distances are 2020 FEET NORTH AND 1300 FEET WEST OF THE SE CORNER.

B. DETERMINATION

- 1. The Settlement Agreement executed between The Nature Conservancy, OWRD, the United States of America, and the Klamath Tribes is adopted and incorporated as if set forth fully herein, with three exceptions:
 - a. The October 8, 1879 priority date in the Settlement Agreement is an impermissible claim amendment as it applies to the use of water on the 668.7 acres incorporated into Claim 36 from Claim 23; the priority date recognized herein for the 668.7 acres located within SECTION 30, and the NE¼ & W½, SECTION 31; TOWNSHIP 31 SOUTH, RANGE 14 EAST, W.M. is consistent with the original priority date (February 25, 1901) claimed in Claim 23; and
 - b. A scrivener's error in the location of the 36.5 acres as described in Finding 21, above; the location of the 36.5 acres is corrected to the NE¼ NW¼, SECTION 17, TOWNSHIP 32 SOUTH, RANGE 14 EAST, W.M.; and
 - c. A scrivener's error in the measured distances for POD 'I-2' COYOTE CREEK MAIN WEIR as described in Finding 22, above; the measured distances are corrected to 2020 FEET NORTH AND 1300 FEET WEST OF THE SE CORNER, SECTION 27, TOWNSHIP 31S, RANGE 13E, W.M.

The definition of irrigation specified in the Settlement Agreement, "irrigation for the purposes hereof includes the artificial application of water to crops or plants to promote growth or nourish crops or plants, including marshlands or wetlands, with or without commercial harvest or grazing," is specific to Claim 36.

- 2. The GENERAL CONCLUSIONS OF LAW CONCERNING AMENDMENT OF CLAIMS is incorporated as if set forth fully herein.
- 3. Based on the file and record herein, IT IS ORDERED that Claim 36 is approved as set forth in the following Water Right Claim Description.

CLAIM NO. 36

FOR A VESTED WATER RIGHT

CLAIM MAP REFERENCE:
