

**BEFORE THE DIRECTOR
OF THE WATER RESOURCES DEPARTMENT
OF THE STATE OF OREGON**

KLAMATH BASIN GENERAL STREAM ADJUDICATION

In the Matter of the Claim of the)	PARTIAL ORDER OF
UNITED STATES DEPARTMENT OF)	DETERMINATION
INTERIOR, U.S. FISH AND WILDLIFE)	
SERVICE)	
)	Water Right Claim 300

The GENERAL FINDINGS OF FACT of the FINAL ORDER OF DETERMINATION is incorporated as if set forth fully herein.

**A. FINDINGS OF FACT AND DESCRIPTION OF MODIFICATIONS
TO THE PROPOSED ORDER**

1. Claim 300 (Claimant: UNITED STATES DEPARTMENT OF INTERIOR, U. S. FISH AND WILDLIFE SERVICE) and its associated contests (2866, 3112, 3289, 3660, and 3992) were referred to the Office of Administrative Hearings for a contested case hearing which was designated as Case 271.
2. The Office of Administrative Hearings conducted contested case proceedings and ultimately issued a PROPOSED ORDER (Proposed Order) for Claim 300 on October 21, 2005.
3. No exceptions were filed to the Proposed Order within the exceptions filing deadline.
4. The Proposed Order including Attachments 1, 2, and 3 is adopted and incorporated, with modifications, into this Partial Order of Determination as follows:
 - a. The history of the case adopted in its entirety.
 - b. The “Evidentiary Rulings” is adopted in its entirety.
 - c. The “Issue” is adopted in its entirety.
 - d. The Proposed Order’s “Undisputed Findings of Fact” is adopted with modifications, as set forth in Section A.5, below.
 - e. The “Legal Rulings” is adopted in its entirety.
 - f. The Proposed Order’s “Additional Findings of Fact” is adopted with modifications, as set forth in Section A.6, below.
 - g. The “Opinion” is adopted in its entirety.
 - h. The last section titled “Proposed Order” is replaced in its entirety by the Water Right Claim Description as set forth in Section B of this Partial Order of Determination for

Claim 300. The outcome of the Order is without modification; it is presented in a format standardized by OWRD.

i. Attachment 1 is adopted with modifications, as set forth in Section A.7, below.

5. **Undisputed Findings of Fact.** The Undisputed Finding of Fact #2 is modified as follows (additions are shown in “underline” text, deletions are shown in “~~striketrough~~” text):

(2) The United States later acquired other lands which it added to the Refuge. In 1972, landowners named Lampe transferred approximately 200 acres to the United States. The deed stated in part that the “*lands are acquired for administration by the Secretary of the Interior through the United States Fish and Wildlife Service.*” (Motion, Attachment 12; OWRD Ex. 1 at 33-34.) On February 21, 1977, the principals of Nicol Land and Cattle deeded 40 acres to the United States. The deed specifically referred to the Migratory Bird Stamp Act of 1934. (Motion, Attachment 13; OWRD Ex. 1 at 25-26.) On January 20, 1980, John Horton deeded ~~approximately 240~~ at least 924.5 acres to the United States, again to the United States, again to be administered by Fish and Wildlife. (Motion, Attachment 14; OWRD Ex. 1 at 23-24.)

Reason for Modification: To provide additional citations to the record. In addition, the ALJ’s finding with respect to the number acres John Horton deeded to the United States is not supported by a preponderance of evidence on the record. OWRD finds that the parcels of land described on the Warranty Deed showing the transfer of lands from John Horton to the United States on January 22, 1980 are consistent with the place of use shown on the Klamath Marsh National Wildlife Refuge map (Attachment 2 of the Proposed Order) for lands having a priority date of 1/22/1980. *See* WARRANTY DEED, COUNTY OF KLAMATH, VOL M80, PAGE 1406. (OWRD Ex. 1 at 23.) However, the deed states that only 239.89 acres were being conveyed from the Grantor to the United States. OWRD has determined that the said 239.89 acres is a typographical error on the deed in reporting the number of acres conveyed. A comparison of Attachment 2 to the Warranty Deed shows that at least 942.5 acres were conveyed during this transaction. In addition, some of the acreage conveyed is outside of the Klamath Marsh National Wildlife Refuge boundary.

6. **Additional Findings of Fact.** The Additional Finding of Fact #8 is modified as follows (additions are shown in “underline” text, deletions are shown in “~~striketrough~~” text):

(8) The place of use of the federal reserved water right for Klamath Marsh National Wildlife refuge is the ~~45,594~~ 15581 acres of the Refuge

identified in Attachments 1 and 2. (Ex. 40 0001 at 5; Ex. 40 004; OWRD Ex. 1 at 155-20.)

Reason for Modification: To correct the number of acres of the Refuge as identified in Attachments 1 and 2. The acres shown on Attachment 2, a map of the Refuge, applied to the place of use tables shown in Attachment 1 (Parts A-D) total 15581 acres. The total of 15581 acres includes the 21.5 acres described in Finding of Fact 6, below. Since Attachments 1 and 2 are intended to provide definitive information about the place of use, OWRD views this change as the correction of a clerical error.

7. **Attachment 1.** The following place of use is added to the Place of Use Table under PART A (9/7/1960):

Township 31 South, Range 8 East, Section 36, Lot 1.

Reason for Modification: To add an additional place of use that was omitted from Attachment 1. Within this legal description, 21.5 acres are clearly shown on Attachment 2 as being within the place of use of the Klamath Marsh National Wildlife Refuge map having a priority date of 9/7/1960. Within Lot 1, the map shows 19.4 acres within the NE $\frac{1}{4}$ NE $\frac{1}{4}$, and 2.1 acres within the NW $\frac{1}{4}$ NE $\frac{1}{4}$. Since Attachments 1 and 2 are intended to provide definitive information about the place of use, OWRD views this change as the correction of a clerical error.

B. DETERMINATION

1. The Proposed The Proposed Order including Attachments 1, 2, and 3 is adopted and incorporated, with modifications, into this Partial Order of Determination as follows:
 - a. The history of the case adopted in its entirety.
 - b. The “Evidentiary Rulings” is adopted in its entirety.
 - c. The “Issue” is adopted in its entirety.
 - d. The Proposed Order’s “Undisputed Findings of Fact” is adopted with modifications, as set forth in Section A.5, above.
 - e. The “Legal Rulings” is adopted in its entirety.
 - f. The Proposed Order’s “Additional Findings of Fact” is adopted with modifications, as set forth in Section A.6, above.
 - g. The “Opinion” is adopted in its entirety.
 - h. The last section titled “Proposed Order” is replaced in its entirety by the Water Right Claim Description as set forth in Section B of this Partial Order of Determination for Claim 300. The outcome of the Order is without modification; it is presented in a format standardized by OWRD.
 - i. Attachment 1 is adopted with modifications, as set forth in Section A.7, above.
2. Based on the file and record herein, IT IS ORDERED that Claim 300 is approved as set forth in the following Water Right Claim Description.
