C3	293.17'	20°55'09"	805.00'	281.55'	S89°18'32"W

NARRATIVE

This map was prepared at the request of Mr. Goral LaPorte. The purpose of the map is to display the dimensions of the boundaries of Tax Lot 901 and the taxable area computed from those dimensions. The data shown on this map was obtained during my survey for the Blue Mountain Credit Union. That survey is recorded as Umatilla County Survey No. 11-127-C. That map should be consulted for information concerning the establishment of the boundaries shown on this map and for more detailed information concerning monumentation and boundary marking. The road alignment data on this map is based on the actual road structure. Measurements were made to the centerline of the existing pavement and the tangent and curve data were computed to match the centerline measurements. This map represents conditions as they existed during the performance of Survey 11-127-C. No additional field visits were made and no monuments were set for this mapping project.

LEGAL DESCRIPTION FOR TAX LOT 901

Umatilla County Microfilm
Reel 593, Page 115

All that portion of the East Half of the Northwest Quarter of Section 23, Township 5 North, Range 36, E.M.H., lying and being Northerly of the County Road.

Found 3/8" rebar from survey 85-148-B lies S4°52'35"W 34.63' from the SE corner of Tax Lot 901.

This pin set on line N1°03'06"W 3.12' from the "true corner point".

BASIS OF BEARINGS

Survey data for this project was collected in the NAD 83-1991 datum. Grid bearings were rotated 1°24'13" clockwise around the NW corner of Section 23 to obtain the bearings shown on this map. Grid distances were scaled by a combined scale factor of 0.99999659 to obtain the true ground distances shown on this map.
