YES NO

If YES, please explain: _____

4) Do you agree with the water availability recommended period of use?

YES NO I DON'T KNOW

If NO, why do you disagree with the recommended period of use and what period do you recommend? I think the periods have been transposed. If it should be: Available Nov-April, May 2.20 cfs, Not available June - Sept, October 0.70 cfs, then I would agree. I suspect water is probably not available in October.

Who: John Blackard Agency: DEQ Date: 2004.12.1
Ann Kreager ODFW ↓

6) Is mitigation an option?

YES NO

If YES, please explain: Construct well not to impact slw. Acquire stored water from reservoirs on Champoug and/or Case Crk.

Comments: Why doesn't well impact slw in Ann Strm > Case Crk
Well is closer to Ann Strm than Champoug Crk. The well also
appears to be closer to Case Crk than Champoug Crk.
